MOTIONS AND RESOLUTIONS

Mr. Kamyk presented

No. 1536. The Mayor and the members of Council of the City of Pittsburgh were saddened to learn of the unexpected and untimely death of Blair F. Gunther, Member of the Board of Commissioners of Allegheny County, who died Friday, December 23, 1967, at the age of 63.

Mr. Gunther was born June 29, 1903 in Hastings, Cambria County. He was educated at Kanty Preparatory School in Erie, and graduated from Duquesne University Law School in 1927.

He had a varied public life. He served as a Deputy Attorney General in the State Justice Department from 1935 to 1938. He returned to private practice until 1942 when he was appointed Judge of Allegheny County Court, succeeding his father-in-law, Judge Frank A. Pierkarski. He was then elected to a full ten-year term. In 1950 he was named to the State Superior Court to fill a vacancy caused by the resignation of John S. Fine. In November of that year he was elected to a full ten-year term on that Bench. In 1961 he was appointed Prothonotary of the Superior Court. In 1963 he was elected a member of the Board of Commissioners of Allegheny County.

As County Commissioner he advocated and voted for many needed county public works projects. These included the Community College, improvements at Juvenile Court, and the home for neglected or abandoned children, expanded airport facilities, and many other projects too numerous to mention.

He was good natured and created many a laugh for his colleagues and spectators at meetings of the Board of Commissioners for the things he advocated. He had a good sense of humor and quick wit.

He was an outstanding and conscientious public official and a warm and human friend; always ready and willing to cooperate with his fellow workers and friends.

In 1960 he was named to the State Advisory Committee of the United States Commission on Civil Rights, and was named "man of the year" by several Philadelphia Fraternal Organizations.

He was President of the National Federation of American Ethnic Groups, and was a member of the Rotary Club, Elks, Moose and other civic groups. He was Past President of the Western Pennsylvania Division of the Polish-American Congress. In 1957 he was President of the National Confederation of American Ethnic Groups, and was former head of the Polish National Alliance. He was also Chairman of the Board of Alliance College.

He had been cited for meritorious service by the State, the Federation of fraternal and social organizations of Erie

County, the AMVETS, Department of Pennsylvania, the American Legion, and Duquesne University Alumni.

Mr. Gunther was a loving husband and a devoted father.

He lived a full, generous, humble, Christian life of faith and love.

Therefore, the Mayor and the members of Council of the City of Pittsburgh express their sincere sympathy and condolences to the family of Blair F. Gunther; that this resolution be spread upon the records of Council, and that a copy be forwarded to the bereaved family.

Which was read.

Mr. Kamyk moved

The adoption of the resolution.

Which motion prevailed by a rising vote and a moment of silent prayer.

Mr. Leslie moved

That the Minutes of Council of Monday, December 19, 1966, and Friday, December 23, 1966, be approved.

Which motion prevailed.

And upon motion of Mr. Counahan,

The Chair,

Members of Council:

I might say, speaking for myself, I am in favor of Bill No. 1599, the Ord-

nance now before Council. The short title might be "Pittsburgh's Human Relations Ordinance." Back in 1952, I was the author of the FEPC Law and, of course, I'm in favor of this bill. I have absolute and explicit confidence in the Commission on Human Relations and, of course, their Director and staff but, I hope that when this legislation is put into operation, that it will be handled and administered with the greatest of care because it is something new in the City of Pittsburgh. We have had a Human Relations Commission for many years and they have done an outstanding job but this legislation goes further than any we have ever had in the City of Pittsburgh. To those in charge, after all, you can have the finest legislation in the world and if not properly administered, it sometimes turns out to be bad and the results, sometimes, are not too favorable. I have, as I said before, confidence in the Commission, in its administration and in the staff, and I am hopeful that it will work out satisfactorily, to the credit of the administration and to City Council and to all of the employees who are part of this great set-up.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Mr. Counahan	Mr. Kuhn
Mrs. D'Ascenzo	Mr. Leslie
Mr. Flaherty	Mr. Fagan
Mr. Jordon	(Pres't)

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 1698. An Ordinance entitled, "An Ordinance authorizing and

MOTIONS AND RESOLUTIONS

Mr. Kuhn presented

No. 1827.

Pittsburgh last week lost one of its most talented men in the death of Peter Muller-Munk, who founded the industrial design firm which bears his name. His renown in his profession was international. He and his office not only designed products for such major national companies as United States Steel Corporation, Westinghouse Electric Corporation, American Radiator and Standard Sanitary Company and Texaco, Inc., but also served as consultants in product development for the governments of Turkey and Israel. At the time of his funeral last Wednesday work began on the new United States Steel building, in which his firm is employed in designing the interior offices.

His personal distinctions were numerous. He was educated in Berlin, where his father was a professor in the University. When he came to America in 1926, he began work as a designer of silver for Tiffany & Co. In 1935 he accepted a post at Carnegie Institute of Technology where he helped organize the first course in industrial design in any American institution of higher learning. He taught there until 1945 when he began to devote his full time activities to his firm, which has grown steadily.

At the time of his death he was a member of President Johnson's policy committee on the employment of the handicapped, known as Project Earning Power, as well as a Fellow of the Royal Society of Arts of Great Britain, past president and board chairman of the Industrial Designers Society of America and the International Society of Industrial Design.

City Council and the Mayor extend their condolences to his mother, Gertrud Muller-Munk of New York City, his aunt, Marie Munk, of Cambridge, Massachusetts, and his stepsons, Jerry Tallmer and John Tallmer, of New York City.

Which was read.

Mr. Kuhn moved

The adoption of the resolution.

Which motion prevailed by a rising vote and a moment of silent prayer.

The Chair:

Members of Council, there is in the audience today four daughters and a son-in-law of our former colleague, Thomas J. Gallagher, who died last week and was buried on Saturday morning, March 18, 1967. I now present a resolution on the death of Mr. Gallagher.

The Chair presented

No. 1828.

WHEREAS, It has pleased Almighty God, in His infinite wisdom, to have removed from our midst, by death, Thomas J. Gallagher, former member of the Pennsylvania Legislature, our colleague in Council, and interim Mayor of the City of Pittsburgh; and

WHEREAS, His death has brought sorrow to the hearts of his relatives, friends and acquaintances, and has cast gloom upon the entire community, yet we bow in humble submission to the divine wisdom of God; and

WHEREAS, Mr. Gallagher, born on the South Side on November 20, 1883, at the early age of 12 entered the employ of the Oliver Iron and Steel Corporation and a year later started work with the United States Glass Company, and remained there for 30 years. During that time he became active in the Labor Movement and helped organize the local branch of the Glass Workers Union. A militant fighter for improved working conditions, he became prominent in labor circles.

In 1924 he ventured into politics and in 1932 was elected to the State Legislature on both the Republican and Democratic Tickets. As a member of the State Legislature he made an enviable record for himself because of his staunch support in behalf of real progressive and remedial legislation in the interest of all the people of Pennsylvania.

In 1932 he was elected a member of City Council and in 1952 was elected its President and served in that capacity until 1962. In the interim he served as Mayor for eleven months during the year 1959, when the then Mayor, David

L. Lawrence, was sworn in as Governor of the Commonwealth of Pennsylvania. He served in Council longer than anyone in the history of Pittsburgh.

Although he rose from humble beginnings to high public office and service to his fellow man, he never lost his unassuming manner.

He was a noble and dedicated public servant, and his years in public life are a shining example for good, honest, clean government.

Mr. Gallagher was a faithful husband, a devoted and loving father, a great American and a gentleman in every respect.

He was a member of various charitable, civic and fraternal organizations.

And Whereas, the Mayor and the members of City Council who were associated with him in public work, knowing his ability, appreciating his untiring energy and self-sacrificing devotion to all public matters, and recognizing his purity of thought, admiring his lovable disposition and noble traits of character, desire to formally record upon the official minutes of the Council of the City of Pittsburgh a tribute to his memory:

Therefore, be it

RESOLVED, That the Mayor and the members of the Council of the City of

"What a revolting development this is" and they are going to hear from me, the Planning Department and the Commission

Mr. Kamyk moved

A suspension of the rule so as to allow the second and third readings and final action on the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Counahan:

Mr. President, the Motion in Committee, I think it was made by Mr. Leslie, correct me if I'm wrong, Mr. Leslie, but I understood the Motion was made on condition that certain things, certain changes and certain agreements would be made and met. Do we have a letter of anything on record that these things have been met—these requests?

Mr. Fagan:

I might say for the information of Councilman Counahan and Members of Council, the president of Council has no letter other than the verbal promises made there by the owner of the LeMont Restaurant.

Mr. Counahan:

I think there was one that had to do with the traffic and double parking and one about noise by machines parked by employees of this particular restaurant. They agreed to eliminate that or eliminate double parking and parking in front of people's homes with exhaust fumes pouring into the houses and on the porches. I rather think when we make a motion to pass subject to certain conditions, we should have a written report from somebody; anybody who has to do with it, the owner and in this case probably a couple of our departments. So, insofar as I am concerned, I believe it should be referred to committee until such time we have the report from everybody concerned and I so move.

Mr. Leslie:

Mr. President, if I may comment, Mr. Boxheimer has written a letter. The Motion made and approved becomes as part of the agreement. I understood this was to go to the Board of Adjustment for further action. Is that true?

Mr. Boxheimer:

No. It will go to the Board of Adjustment later on but the Department of City Planning said when they go to the Board of Adjustment for their permits, all provisions you stipulated in your Motion will have to be carried out before they permit its issuance.

Mr. Leslie:

Do you have a copy of the Motion?

Mr. Boxheimer:

I can get it.

Mr. Leslie:

There was to be a barrier on the parking lot, increase of 15 more parking places to make a total of 115, and closer supervision of his employees who park the automobiles. That is about the extent of it.

Mr. Fagan:

There was supposed to be a police officer.

Mr. Leslie:

Oh, yes, that is in the Motion, Mr. President.

Mr. Counahan:

The Motion covered police protection, a concrete barrier, redesign of parking guardrails, stricter supervision of employees. That wasn't all of the complaints. You have the one not included in your Motion which was the noise employees made parking cars and, of course, the owner of the particular property was supposed to commit himself as to how he was going to handle that situation. Then there was the double parking on the street.

Mr. Leslie:

We referred that to Public Safety.

Mr. Counahan:

We haven't any answer yet and here it is before us for final passage.

Mr. Fagan:

I might say, whether you were going to return it or not, I was going to vote in the interest of the people up there instead of in the interests of the business with the noise and turmoil and confusion up there.

Mr. Boxheimer:

Now, to get straightened out, shall we ask Mr. Blandi to reply to the letter we sent,

Mr. Leslie:

Let's discuss that later.

Mr. Fagan:

Notify the Planning Commission and the Board of Adjustment and the Department of Public Safety that those building permits shall not be issued until all these things are complied with in line with the understanding we had with the owner when he was here.

Mr. Counahan:

They couldn't be doing anything with it until after it passed here anyway, could they?

Mr. Fagan:

No.

Mr. Kamyk moved

That Bill No. 1695 be recommended to the Committee on Planning and Redevelopment.

Which motion prevailed.

Mr. Leslie presented

No. 1839. Report of the Committee on Filtration and Water for March 21, 1967, transmitting two ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1819. An Ordinance en-

Which was read.

Also

An Ordinance entitled, "An Ordinance amending Ordinance No. 576, approved December 23, 1966 entitled, 'An Ordinance authorizing the purchase of a 6-inch cast iron water pipe line and appurtenances constructed in Devereaux Lane as laid out in the Howard Plan of Lots, situated in the Fourteenth Ward of the City of Pittsburgh, and providing for the cost thereof.'"

	(Pres't.)

Whereas, The Director of the Department of Public Works, in letters addressed to the Mayor and the City Controller under date of March 29, 1967, has stated that it was necessary to work personnel of the Bureau of Bridges, Highways and Sewers overtime and to rent heavy equipment from various contractors to clear the City streets of snow which fell on March 7 and 8, 1967, since the City did not have sufficient heavy equipment to meet the emergency; and

Mrs. D'Ascenzo moved

That the communication be received and filed, and the request contained therein be approved.

Which motion prevailed.

Mr. Fagan:

We have a very important matter to take place before Council today and it is not a very pleasant one. We regret it is necessary for a member of City Council to resign but I guess the City's loss will be Wetinghouse's gain and those intereted in education are going to be benefitted. I have a letter here dated April 10, 1967, addressed to the Members of Council from James A. Jordon, so, James, the Chair recognizes you.

Mr. Jordon:

Thanks very much, Mr. President. I would like to read this letter.

Mr. Jordon presented

No. 1901.

Pittsburgh, April 10, 1967.

Mr. Patrick T. Fagan, President
Council of the City of Pittsburgh,
510 City-County Building,
Pittsburgh, Pennsylvania 15219

Mr. President and Members of Council.

It is with regret that I hereby submit my resignation as a member of this council effective April 10, 1967. I have

been given an excellent opportunity to make a contribution to our society in another and different way by participating in the growth and development of the new education technology. To attempt both to serve the people of Pittsburgh and to participate fully in this new program does not seem wise. For this reason I have tendered my resignation.

I hope that I have contributed to the progress of Pittsburgh since becoming a member of City Council in 1960. The experience has been a rich and rewarding one. I have enjoyed the association with you and my colleagues and feel I have made lasting friendships.

My interest and participation in the affairs of the City of Pittsburgh will not cease with my resignation. I intend to continue wherever possible to do all I can to enhance the growth and development of this city.

I wish for my fellow councilmen the very best both in the coming election and in the resolution of the many important problems facing our city. For my successor, I wish years of fruitful and meaningful service.

Sincerely,

JAMES A. JORDON

Which was read, received and filed.

Mr. Jordon:

Mr. President, I ask that the statement I issued on Friday, February 24, 1967, be incorporated in the minutes of this Council meeting.

The Chair:

Your request will be complied with.

The statement of Mr. Jordon is as follows:

Friday, February 24, 1967.

I should like to tell you that I have decided not to seek re-election as a member of City Council, a position I have held for the past seven years.

This has been a difficult decision—one that I have made only after a search-

ing examination of the alternatives before me.

Pittsburgh is my home; I was born and raised here and what happens here is important to me. For this reason my service as a member of the City Council has been a satisfying and rewarding one in every respect. The confidence which Pittsburgh citizens have shown in me by electing me to this office has meant more to me than any other expression of confidence I have ever received.

Because of my political activity, I have had the opportunity to meet presidents, vice presidents, cabinet officers, governors, senators, congressmen, and local officials all across the country. On eight occasions I have had the signal honor of visiting the White House, most recently at an official state dinner honoring Vice President Humphrey, Chief Justice Warren and Speaker of the House McCormack.

On two occasions it has been my privilege to serve as delegate to the Democratic National Convention and to cast my vote for those two great Americans, Presidents Kennedy and Johnson.

I hope that the record will also show that I have in some measure been able to contribute to the welfare of this city and its people. As chairman of the Planning and Redevelopment Committee of the Council, it has been my privilege to propose legislation and oversee much of the progress that has taken place in Pittsburgh during the last seven years.

However, as many of you know, my training and education has been in the area of business and law. For ten years I was with Koppers Company, first as a section manager and then later as legal counsel. Last year I joined Westinghouse Electric Corporation as Director of Education Systems. In this position I have participated in our company's decision to become heavily involved in the new and rapidly developing education industry, a field which promises to grow on a scale comparable to the automobile industry in this country.

As General Manager of the Commercial and Industrial Division of the newly-formed Westinghouse Learning Corpora-

tion, I face a challenge of very considerable proportions. One which will require a high degree of concentration and clearly precludes anything less than full-time attention.

For this reason, and because I believe that this work will be of great importance to the future of Pittsburgh and its people as well as to the nation as a whole, I have reluctantly made the firm decision that I must at this time discontinue my political activities.

My wife, Marion, joins me in expressing our gratitude to all those who have supported me in the past and have urged me to seek re-election this fall. I hope that they will understand the compelling reasons that lie behind my decision not to do so.

I would also like to say that I leave Council with a feeling of high regard for my colleagues, for the Mayor and his staff, and for all of the other public and private officials with whom I have worked over the years.

To my successor, I wish the same challenging and stimulating experiences that I have had. Again, and finally, my thanks to all Pittsburghers who have been helpful and kind during the past seven years.

Mr. Jordan:

I would like to say, too, to all of my colleagues in Council, I have really enjoyed working with all of you over the last few years and I hope my successor will enjoy his work here the same. I feel it has been like a team and it has been, really, almost like a family. I have told people this outside—it is amazing how you get to know people when you work with them week in and week out. You get to know how people think and you really begin to feel as they do. You can almost tell how people will react because you have worked with them and struggled with them. I can tell you, this has been a difficult decision and not one I made overnight. It really started back in January and it finally got to a point where I realized I couldn't do both. As you may recall, my training has been in the field of business. I was with Koppers Company in 1955 as Administrative Assistant, Section Manager and Legal Counsel, until

last June when I had to make a decision to leave there, giving up my pension and everything else at Koppers, to join Westinghouse as Director of Educational Systems. I did this because I felt so strongly about this new field. It is surprising that so few people know of this whole field. I predict within the next ten years, this industry is going to be, as a matter of fact, it is expected to be, larger than broadcasting. Right now, the Government spends the second largest amount of money in education. Our whole approach to education is changing. We have been accustomed to the lock-type method of education where people moved along grade-by-grade, but we are now experimenting on moving people along at their own speed. There is a school out in Brentwood receiving nationwide attention in this concept of individualized instruction. New terms will have to be developed from kindergarten to the twelfth grade of the computer aspect of computerized instruction.

Adults and children will begin by working from material stored in a computer many miles away. They will be able to retrieve this educational material and it will be displayed visually in front of their faces. This means, not too far away, you will dial a telephone and retrieve a book from the library. Mrs. D'Ascenzo, and have its page displayed in your home for your viewing. We are doing that right now with business records. The major companies, IBM, General Electric, Xerox, all these companies are jockeying for a position in this new industry. It will be as large an industry as the automobile industry. It is fascinating. I don't know if you have seen some of the material printed but it makes your head swim. I just couldn't resist becoming a part of this and getting in on what may be the ground floor. I had to make this decision. It gives me a chance to get back into industry. Since June, I was helping to coordinate the company's activities in this field and we have now formed a wholly-owned subsidiary in Westinghouse Corporation called Westinghouse Learning Corporation. We have a division in New York, Palo Alto, Washington, New Mexico, and this one here in Pittsburgh. I think, and hope, we will make a contribution to this whole area.

They are expecting us to do so and I

think whatever we do is going to have an effect on the way people learn, both in school and also in companies and in their homes. Because of television, frankly, we're educated whether we like it or not because we, for the first time, have a window to the world. This has an effect on youngsters because they can sit at their television sets and see what is going on throughout the world. With that kind of background and that kind of opportunity, as you can see, it was a difficult decision to make. I felt I had been here almost seven years and I felt if I made that decision, I would have to leave Council to do this. However, I felt I could make a better contribution at this time by becoming active in this field so I made the decision. I regret having had to make it. I wish I could continue to do both. I regret having to leave the fine company—as Pat said, "you'll never be in better company." Pat and I used to fight but I felt he was sincere in what he said and I hope he felt I was equally as sincere.

I hope that maybe, if you call on me for anything, I will be able, and only too glad and anxious, to participate. Again, I wish for my successor a fruitful and rewarding career and I hope he enjoys it as much as I have. I even had an opportunity to visit the Whitehouse a couple time for conferences and I don't think you can buy this for money and I wouldn't have given anything for the experience. Mr. President and Members of Council, I want to thank you for your assistance and cooperation and support and guidance and prodding and kicking and everything else I have gotten from each and every one of you and I hope somewhere down the road, we will have an opportunity to work together again.

The Chair:

Thank you, James. You heard the communication and, of course, the fine statement made by Councilman Jordon and, apparently, he is going into one of the most interesting fields of education that has been brought about in our Country for a long time. The unfortunate part of it is that probably Councilman Counahan and myself were born too soon. Mr. Jordon has submitted his resignation and, naturally, we are going to accept it. There isn't any doubt about that. What is the pleasure of Council?

Mr. Counahan moved

That Council accept the resignation of James A. Jordon with regrets.

The Chair:

It has been moved that we accept the resignation of James A. Jordon with regret. Of course, there are a lot of times we agreed and, sometimes, we disagreed but there is one thing about the members of Council—whether it is Mr. Jordon or Mr. Counahan or Mr. Baskin or any of the rest—we can disagree without being disagreeable. That is a nice thing, you know. Even if you have disagreed with someone, it is always better if you can leave and still be smiling, although you may be smiling with regret that you had to have an argument or that your ideas and thoughts didn't meet with the other person's. It has been a pleasure working with you, Jim. I feel I am speaking for all members of Council, although others have a right to say whatever they care to, but we wish you unlimited success. It really is a big step in your life and the life of this Nation of ours that we can have all of these conveniences and learn at home, as you said. So, I wish for you every success and I hope the Lord will bless you and, in the words of that great commentator on Channel 4, "Be good to yourself because you couldn't be good to a nicer person."

And the question recurring on the adoption of the Motion of Mr. Counahan, that the resignation of Mr. Jordon be accepted with regrets, the Motion prevailed.

Mr. Leslie moved

That the Minutes of Council of Monday, April 3, 1967, be approved.

Which motion prevailed.

Mr. Counahan moved

That Council now recess until 2:30 o'clock, P.M., Tuesday, April 11, 1967, for the purpose of electing a member of Council to fill the vacancy caused by the resignation of James A. Jordon.

Which motion prevailed.

And Council recessed.

Pittsburgh, Pa.,

Tuesday, April 11, 1967.

And the hour of 2:30 o'clock, P.M., having arrived and the time of the recess having expired, Council reconvened and there were present:

Mr. Baskin	Mr. Kuhn
Mr. Counahan	Mr. Leslie
Mrs. D'Ascenzo	Mr. Fagan
Mr. Flaherty	(Pres't)
Mr. Kamyk	

The Chair:

We are reconvened for a special purpose—to nominate and elect a citizen as a member of Pittsburgh City Council to take the place of James A. Jordon who submitted his resignation to Council yesterday in the legislative meeting. We are honored by the presence of Canon Ralph F. Wagner, Pastor of Trinity Cathedral, who will give the invocation.

Canon Ralph F. Wagner, Pastor, Trinity Cathedral:

O Eternal God through Whose mighty power our fathers won their liberties of old, we beseech Thee that we and all the people of this land may have grace to maintain these liberties in righteousness and peace. We give Thee thanks for our Country, for those who laid its foundations and for those who have sacrificed their lives in its service. Strengthen those who now labor to keep it strong. We beseech Thee with Thy favor to behold and bless all in authority in government, especially those who administer this, our City of Pittsburgh. Replenish them with the grace of Thy Holy Spirit of wisdom that Thy people may live in justice and peace. Direct and prosper all their consultations for the safety, honor and welfare of Thy people. To all those who lead in industry, labor and government, give the desire to seek not power and privilege for themselves but the common good of all. As their purpose is to promote all that is good in the life of the city, so we pray that Thou wilt strengthen their hands in all their undertakings. More especially, we pray Thy Blessing upon this Thy servant, Louis, who is now admitted into a share of the government of this City. Grant to him wisdom and strength to

know and to do Thy will. Keep him ever mindful of his calling to serve. May he do the work which Thou givest him to do in truth and righteousness with singleness of heart. Help him and us to know that we serve Thee by serving our work and serving our fellow men. Grant to him the knowledge that his service to the Country and community is vitally important and may he experience a deep and abiding sense of vocation and achievement. All of this we ask in the Name of Thy Son, our Lord, Jesus Christ.

The Chair:

Thank you, Canon Wagner. That is a very good start for Louis and all the rest of us for the guidance of men in their activities in connection with civil and municipal government. The next order of business is the nomination of a candidate for City Council. The Chair recognizes Council Lady D'Ascenzo.

Mrs. D'Ascenzo:

Mr. President, Reverend Clergy, Honorable Judge Brown, and my colleagues in Council and kind friends:

We are here today for a very important occasion. We are here to nominate a man to City Council but, before we nominate the new man, we must, in justice, give recognition to the man who vacated that place. Yesterday, the President of Council and Members of Council accepted, with regret, James Jordon's resignation. In accepting that resignation, we knew he had made the decision but we also knew that in making that decision, he is dedicating himself to efforts in our community and in our Country that are going to be very meaningful in the future. James Jordon left the Council of the City of Pittsburgh to become General Manager and an executive of the Westinghouse Learning Corporation. In this new field and in these new endeavors, we wish James Jordon every success and we know that the six years he devoted to City government will stand him in good stead and make him a good business executive. The members of Council and I, regret his leaving but wish him every success.

Now we turn to the business at hand, and that is the selection of a new

councilman. When you come into City government, and especially City Council in the City of Pittsburgh, you're asked to represent all the people of this City and perhaps the two most important things that any public official has to perform, from the President of the United States on down, is to promote the general welfare and to insure domestic tranquility. For this, our nominee, Louis Mason, is eminently fitted by education, by background and by experience, and I would like to tell you a little of his background. Louis Mason was born March 9, 1915, in Minneapolis, Minnesota. He is a veteran of the Second World War. He received his Master of Arts degree from the University of Pittsburgh in 1950.

In 1940, he received a Bachelor of Science degree from Minnesota University and he has done special study at Duquesne University. He is affiliated with the Pennsylvania Equal Rights Council; Past Chairman and Board Member of the Allegheny Council on Civil Rights; he is a member of the Vocation Services Committee of the Personal Committee of the Urban League of Pittsburgh; he is a member of the National Association for the Advancement of Colored People; he is a member of the Society of Public Administration; he is a member of the Pittsburgh Personnel Association; he is a member of the Executive Committee and Personnel Committee of the United Mental Health Services; he is a member and Past Vice Chairman of the National Association of Social Workers Society, Southwest Chapter; and, he is Past Member of the Executive Committee of the National Association of Intergroup Relations Officials. Here is a man fit by both education and experience to assume public office. I may say that we are happy to welcome him. We are fortunate to have a man like Louis Mason come into City Council. He needs no introduction for we are all well acquainted with the fine work he has done as Executive Director of the Mayors Commission on Human Relations since 1962. Mr. Mason joined the Fair Employment Practices Commission staff as deputy director in March 1953. He brings with him more than 22 years of experience with the Fair Employment Practices Commission, the Commission on Human Relations, the Urban League of Pittsburgh, and experiences in private

industry and labor. During the past decade, he has played a leading role in developing the Commission into an effective agency to combat all types of discrimination. Under his tenure as Executive Director, the Commission has pioneered in many areas, including fair employment and fair housing. Equally important—if not more so—the Commission has dealt most effectively in easing community tensions. That is what we mean by saying, 'insuring domestic tranquility.' Our forefathers gave that as the reason for the being of this Republic and in 1967, it is just as pertinent. As might be expected, the Commission's workload has increased drastically during the last few years. Despite that, the Commission has continued to function effectively in preserving community stability.

This is, indeed, a tribute to Mr. Mason's leadership. Federal officials have frequently cited the Pittsburgh Commission as one of the best human relation agencies in the United States. But the capabilities of Mr. Mason and of the Commission are perhaps best pointed out by the enormous amount of mail that comes to Mr. Mason. He is constantly besieged by requests from other cities who want to know how our Commission operates so they can be properly guided in setting up their own, similar agency.

Mr. Mason's interest in the betterment of the community goes far beyond his work with the Commission. He is Past President of the Termon Avenue Home for Children, in addition to the other associations I mentioned previously. Over the years, he has developed working relationships with management, labor, civic groups, public and private agencies to the end that the City's public policies on the rights of all its citizens are secured and preserved. Mayor Barr had intended to be here, himself, to present this nomination. Unfortunately for us, he was called to Washington and he asked me to perform this duty. I am happy to do so and I am happy to recommend Mr. Mason to this Council and, in addition, I am happy to place in nomination the name of Louis Mason, Jr., as a member of the Council of the City of Pittsburgh. Thank you.

The Chair:

Thank you, Mrs. D'Ascenzo, for a very

gracious introduction and nomination of Louis Mason. The Chair now recognizes Mr. Kuhn.

Mr. Kuhn:

Mr. President: I am very pleased to rise to second the nomination of Louis Mason. Mrs. D'Ascenzo has covered his qualifications so well, the only thing I can say is, because of his work in the Commission, because of its importance in a very critical and sensitive area of freedom, equality, and rights for all people, I think we are going to be very fortunate here in Council in having Mr. Mason serve with us. He brings to this office and this Body a great deal of very valuable experience. I am particularly pleased to second his Nomination.

Mr. Counahan moved

That the nominations close on the name of Louis Mason, Jr. (Seconded by Mr. Baskin).

And on the question, the Chair declared the ayes to have it, and the nominations closed.

The Chair:

The question is on the election of Louis Mason, Jr., to be a member of Council to fill a vacancy for the unexpired term until the next municipal election. And on the election of Mr. Mason, the Clerk will call the roll.

And the roll having been called, the votes for Mr. Mason were as follows:

Mr. Baskin	Mr. Kamyk
Mr. Counahan	Mr. Kuhn
Mrs. D'Ascenzo	Mr. Leslie
Mr. Flaherty	Mr. Fagan
	(Pres't)

And Mr. Mason having received all of the votes of the members of Council present, constituting a majority, is duly elected to fill the the unexpired term of Mr. Jordon, resigned, in accordance with the provisions of the Act of Assembly, approved May 31, 1911.

The Chair appointed Messrs Counahan and Leslie to escort the member-elect to the restrum for the purpose of having the oath of office administered to him.

And the Committee having returned with the member-elect, was discharged with the thanks of Council.

And Mr. Mason took and subscribed to the oath of office which was administered to him by the Honorable Homer S. Brown, Judge of the Court of Common Pleas of Allegheny County.

The Chair:

It is my pleasure now to present to you the newly elected member of Council, Louis Mason, Jr.

Mr. Mason:

Mr. President, Most Reverend Canon Wagner, City Councilmen, members of labor, industry and business who have taken time off from their busy schedules to come here, friends, fellow employees in the City-County Building, of the working Press, radio and television, my family, my brother, and my wife:

I accept this nomination with honor and with humbleness, with joy and sadness, with truly mixed emotions. I have asked for and received permission to tape record these proceedings for a very dear friend of mine who is in the hospital and could not be present, Commissioner James O. Dougan, who has been my friend for the 22 years it has been my privilege to live in this community. I only want to say, about mixed emotions, there is sadness and yet joy at leaving the Commission at the height of its growth and development as an agency. The commission has grown from a membership of two professional staff members and two clerical embers to a staff of 14 very dedicated staff members and 15 very dedicated citizen commissioners whose services have been invaluable to this community and for which they have received not one penny. I am most appreciative of the fact this agency has grown, not only by our estimate but the estimate of others across the Nation, to be one of the top agencies in the Nation. It got that way through cooperation with a lot of different people and a lot of different departments here in the City of Pittsburgh: cooperation of the Mayor's office; cooperation of City Council; and, certainly, cooperation of community groups and of the universities complex. If there is one thing that has been most important in our operations, it certainly has been

the question of communication. We have stressed over and over again, no matter what the situation is, there has to be communication and I am sure my successor will do the same thing in following the practices of the Commission. I once asked the City Solicitor to write an article for a human relations review. I asked him, on the elevator, to write this article depicting the cooperation between the Law Department and the Human Relations Commission. He said, "That is easy; I can do it in one word." I said, "How?" and he said, "Close." That typifies the cooperation I have had with all. I leave the Agency with the full knowledge that we are at a new height. We have received over \$68,000 from the Government for a series of important and special projects that will be beneficial to the City of Pittsburgh, we hope. To the City Councilmen I hope to join, I ask your indulgence; I ask your patience; I ask for your help in teaching me to adjust as quickly as is possible to become an effective City Councilman.

I do not know what my committee assignment will be but whatever it is, please rest assured I will work at it as hard as I possibly can with the action team now known as City Council. I hope my work with community group organizations, labor and industry will bring new insights into the problems of the community. James Jordon, you leave a mighty big pair of shoes to fill. I will do my very best to fill them. My wife, who says I read very poorly, will have to bear this one little quote which has become one of my secretary's very favorites:

"The most important time of the day is this very moment in which we are now living. The moment that we just experienced is gone. The moment that is yet to come will become 'now' when it arrives. The Bible says, 'Now is the acceptable time.' It is what we do with this moment in which we are living right now that counts."

Thank you each and every one for coming out this afternoon.

MOTIONS AND RESOLUTIONS

Mr. Leslie moved

That the Minutes of Council of Monday, April 17, 1967, be approved.

Which motion prevailed.

Mr. Fagan:

Members of Council:

I might say that the Pittsburgh Press, a Scripps-Howard Newspaper, on Thursday, April 20, 1967, printed an editorial on the death of the late Chancellor of Germany. It is captioned "Adenauer—Great German." I go a little further than this article to say he was one of the greatest statesmen Germany ever had. He did an outstanding job. He opposed war, Nazism and Communism. I think it would be a very fine gesture to make this editorial part of today's record and when we adjourn, we adjourn in memory of Konrad Adenauer as one of

the greatest German statesmen of the World because of the things he did to restore Germany and give the people the fine civil government they now have, with freedom of speech, expression and religious worship. The editorial is as follows:

"When he retired in 1963, Konrad Adenauer had steered postwar Germany from a devastated nation to one of the most industrious, most prosperous and most productive in the world. When he died yesterday of old age (he was 91) Konrad Adenauer was no longer a major factor in German politics. But long since he had been widely acknowledged at home and abroad as the 'greatest German statesman since Bismarck,' to quote the late Winston Churchill for one.

"De Alte (or 'old one'), as the Germans called him, was not always beloved to his countrymen in his days of power. Personal affection for him was more widespread abroad, especially in the United States which he visited many times.

"But he was respected and admired, and the record he left behind hardly can be regarded in history as anything but one of Germany's brightest eras, perhaps in some respects the brightest of all.

"For one thing, he was a solid adversary of communism. He saw through the sham of communist 'peace' offensives and other claptrap of the totalitarian system. Just as he had recognized the evil of Nazism. He never compromised on that issue.

"It was Adenauer, more than any man, who built German ties with the United States, and with France and Britain. It was Adenauer who kept his country away from a new Nazi-type movement, who rejected deals with Soviet Russia, who scorned neutralism in the cold war.

"Because of Adenauer, a German which had been feared and despised because of Hitler became a new nation of influence and esteem in a fast-changing world.

"'One must do everything in one's power,' he once said, 'for an idea one

believes in. In my case, it is the ideal of saving Christian civilization.'

"He was in elder years when he became chancellor over the rubble and despair of the occupied Germany of 1949. But his vigor, his craft, his broad vision and his remarkable health belied his years.

"The politics to which he clung so stubbornly and austere were objects of inflammatory opposition at first—but came to be settled standards of the revived nation.

"He led Germany into the North Atlantic Alliance, into the European Economic Community, into reconciliation with her bitterest enemy, France. He fostered a free German economy, and arranged restitution to the victims of Nazi terrorism.

"It is said history needs 50 years, or a century, to accurately assess the leading characters on its stage. In

the few years since the Adenauer era in Germany, it may not be possible to fully appraise this old warrior. But the events he managed, the prestige he won from his contemporaries—these things hardly can give him any rating except as one of the greatest of Germans in his century."

I would ask Mr. Counahan, when he makes a motion to adjourn, he moves that Council adjourn out of respect to the memory of Konrad Adenauer, former Chancellor of West Germany.

Mr. Counahan moved

That Council now adjourn out of respect to the memory of Konrad Adenauer, former Chancellor of West Germany.

Which motion prevailed by a rising vote and a moment of silent prayer.

And thereupon Council adjourned.

The Choir:

I might say, for the information of Council, yesterday at Carnegie Hall on the Northside, the Three Thousandth Free Organ Recital was held with Paul Koch, City Organist, and it was a very wonderful affair. I was quite proud of the citizens there. The Allegheny High School Choir was there, under the direction of Helen Bradshaw. The father of Paul Koch was there, Caspar Koch, who officiated. He played over on the Northside at these recitals for more than 50 years and is now 95 years of age. He went up to the platform and made a speech which was very articulate and well received. He also played several chords on the organ which was a very wonderful thing.

There isn't any doubt about it, he is an outstanding recitalist and they have had some of the finest organists in the country play there.

The speaking program was conducted and introductions given by James T. Gilles, Chief Librarian of the Allegheny Regional Branch at Carnegie Library. The Mayor made a very appropriate speech for the occasion and the rest of us were introduced.

These recitals have been taking place since about 1890. When the Hall was dedicated, the President of the United States helped to dedicate it and participated in the dedication of the Hall. The President at that time was Benjamin Harrison, who delivered the principal address.

My reason for bringing this matter to your attention is that I would like to, if there are no objections, make this program a part of the record of this meeting.

And, there being no objections, the Program is as follows:

THE RECITAL SERIES

The first recital of this, the oldest series of municipal organ recitals in the country, was presented by Rinehart Mayer on February 11, 1890. The inauguration of the recitals was in conjunction with the dedication of Carnegie Hall and Library, an event marked by the presence of President Benjamin Harrison who delivered the principal address.

On the two days, February 11 and 12, 1890, eight recitals were presented by Rinehart Mayer, Kate E. Courtney, C. C. Mellor, Leonard Wales, John Pritchard, Sarah H. Killikelly, Charles Davis Carter and Joseph Gittings. Leonard Wales was appointed the first City Organist. He played but a short time and was succeeded in August, 1891, by Henry P. Ecker who held the post until March 1, 1904. Caspar Koch accepted the post at that time and served until January 1, 1954, when he was succeeded by his son, Paul Koch.

The first organ in this hall, an instrument of three manuals and thirty-three stops, was built by the famous Frank Roosevelt. It was the first, with one possible exception, of over 7000 organs donated in whole or in part by Andrew Carnegie to a variety of religious, educational and civic institutions all over the world. The instrument was replaced in 1924, through the good offices of the Carnegie Corporation, by the present four-manual Skinner organ.

The recitals were originally presented Saturday afternoons, were transferred later to Thursday evenings and on occasion other week-day evenings and finally, in 1911, to Sunday afternoons. The custom of inviting vocal and instrumental soloists as well as musical organizations to assist at the recitals is long-established and has always afforded excellent opportunity for our Pittsburgh talent to be heard.

"Dear Mr. Koch:

"May I send you my warmest congratulations on the great event, which will take place on January 1st? It is a splendid achievement to have given so much pleasure to so many people for such a length of time, and I know how pleased Mr. Carnegie would be that his first organ has been such an outstanding success. I am sure this has been large-

ly due to your great interest, and cooperation, and to the artistic enthusiasm you have put into the work.

"I wish it were possible for me to accept your invitation to be present, and I much regret that I cannot be with you. I shall be thinking of you, and wishing you every success. With kind greetings to Mrs. Koch.

The Chair:

I have a matter to bring to the attention of Council and to be made part of the public record of the proceedings of today. This is addressed to:

"Animal Rescue League
6620 Hamilton Avenue
Pittsburgh, Pa. 15206

"Gentlemen:

"Early in January, I called for the fifth time (since last October) regarding the dog situation in our community. Apparently, my requests have been disregarded as well as the complaints of several others of my neighbors.

"I am again requesting that you take action in this matter. The dogs, licensed and unlicensed (mostly in the latter category) are running around the streets day and night particularly over the hill above the Home of the Incurables; also on Duncan, Wickliff, Celadine, Camella, Kendall Streets, McCandless Avenue.

"There is a small-to-medium size black and white dog on Duncan Street at about house No. 5612 I have had to battle on my way to work on several occasions. A number of times I have been late for work taking a round-about way to by-pass the dogs.

"When complaining to the owners we get the old stock answer, 'oh, he won't bite.' How can anyone guarantee that a dog, particularly those ill-fed and not properly cared for, won't bite?

"Last year, in accordance with the Police Department's instructions, I called your League when a large pack of stray dogs wandered through the neighborhood—all kinds, all sizes—only several with collars. It was on a Friday. I was asked, 'Do you live in the city lady?' I said 'Yes.' 'Then call us on Monday.' I remonstrated, 'but by Monday those dogs can chew up children—it will be too late.' The individual who was speak-

ing to me said, 'Well, lady we can't help it—we have no control over that.' Fine! Isn't your agency duty-bound to have control,

"I have no objections to neighbors having dogs—I like dogs myself but an unfriendly or vicious dog should not be permitted to be roaming on the streets day and night.

"Please, again I ask, do something about this.

"Very truly yours,

/s/ (Miss) Anna Osuch
(5603 Celadine Street,
Pittsburgh, Pa. 15201)
Business Phone: 644-5920
Copy to: City Council."

The Chair:

On May 26, 1967, I answered her letter, as follows:

"Miss Anna Osuch
5603 Celadine Street
Pittsburgh, Pa. 15201

"Dear Miss Osuch:

"This is to acknowledge receipt of your communication of May 25th, addressed to the Animal Rescue League at 6620 Hamilton Avenue.

"I have read your communication with interest and noted contents very keenly.

"I am sorry to know that since the month of October 1966 you have been registering complaints with the Animal Rescue League about the intolerable dog situation in your community, and apparently you have been receiving very little aid from them and some very unsatisfactory replies in connection with your request.

"I will be happy to bring your complaint to the attention of all the members of Council so that they will know just exactly the kind of treatment that the citizens of Pittsburgh are receiving from the Animal Rescue League.

"Very truly yours,

/s/ Patrick T. Fagan
President of Council."

I would like to make this a matter of record and send it on to the Animal Rescue League to let them know people are blue in the face trying to get some action in connection with the dog situation in the City of Pittsburgh. The citizens are not any more depressed about this situation than I am and I know that goes for the majority of the members of Council. If there is no objection, this will be made a part of the record and I can send the record on to the representatives and heads of the Animal Rescue League.

Mr. Kuhn:

Mr. President, may I also suggest you

send it on to the Director of Public Safety since the supervision of that contract is under that Department.

Mr. Counahan moved

That Council now adjourn out of respect to the memory of James F. McShane, Civil Service Commissioner and Vincent D. Sweeney, former Director of Public Relations for the United Steelworkers of America.

Which motion prevailed by a rising vote and a moment of silent prayer.

And thereupon Council adjourned.

MOTIONS AND RESOLUTIONS

Mr. Baskin:

Mr. President, I think we're all aware of and very deeply concerned about what is happening in the Middle East these days. The Mayor has issued a statement which I would like to read into the record and move for the adoption of a resolution by Council in connection herewith. The statement is as follows:

"Recent developments in the Middle East and particularly Egypt's blockade of the Gulf of Aqaba pose a serious threat to peace in that area and to the territorial integrity of Israel.

"Arab leaders have repeatedly stressed that their ultimate intent is to try to wipe out the State of Israel.

"The free world dare not let that happen.

"I think it is essential that the United States do everything possible to make clear its commitment to the preservation of that brave nation as a citadel of freedom in the Middle East.

"From its inception, Israel has been a bulwark of stability and democracy. Its great strides in the past 20 years are a testimony to the creative and untir-

ing efforts of a brave and determined people and a source of inspiration to emerging new nations throughout the world.

"The leaders of Israel are to be commended for the restraint they have shown to effect a peaceful solution during this period of extreme provocation.

"I know that all Pittsburghers join with me in supporting the efforts of President Lyndon Johnson to preserve peace in that area and to preserve the independence and freedom of Israel.

"I believe that the United States is acting properly in attempting to break the present impasse by working through the United Nations and in seeking the support of other maritime powers to remove the Egyptian blockade.

"As Arthur Goldberg, our United Nations delegate, has stated, "The world is watching above all to see whether partisan concerns and narrow interests can be subordinated to our overriding common interest in peace."

Mr. Baskin:

I move the adoption of the following resolutions: "That the statement of Mayor Barr be made part of the record of the meeting of this City Council; (2) that City Council concur in the statement made by Mayor Barr; and (3) that copies of this resolution be sent to President Lyndon B. Johnson.

The Chair:

I think it might be a good idea, in the interest of peace in the Far East and also Vietnam and any other place Americans are stationed, that we pass this by a rising vote.

And the question recurring on the adoption of the motion of Mr. Baskin, the motion prevailed by a rising vote and a moment of silent prayer.

Mr. Leslie moved

That the minutes of Council of Monday, May 29, 1967, be approved.

Which motion prevailed.

And, on motion of Mr. Counahan,

Council adjourned.

L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, It has been brought to the attention of the Deputy Mayor and the City Controller that pursuant to Resolution No. 262, approved October 11, 1961 and Ordinance No. 157, approved May 9, 1962, the City of Pittsburgh entered into an agreement with the United States of America, Housing and Home Finance Agency, Community Facilities Administration (now Department of Housing and Urban Development) for an advance planning loan to aid in financing the cost of preliminary planning for the proposed construction of a rapid-sand water filtration plant for the City of Pitts-

burgh, which agreement provided that any funds advanced pursuant thereto would be repaid by the City upon the start of construction of the plant; and

Whereas, On September 25, 1963, the United States of America advanced the amount of \$88,658.37 pursuant to the agreement; and

Whereas, The construction of the rapid-sand filtration plant was begun on or about April 24, 1967, and said planning advance must now be repaid to the United States of America in order to avoid the assessment of interest thereon; and

Whereas, In order to repay said planning advance an emergency appropriation of \$88,658.37 must be made to a new Code Account, Code Account No. 1709-3 "repayment of federal loan"; and

Whereas, Such appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, David Stahl, Deputy Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh do hereby certify to the Council of the City of Pittsburgh of the existence of an emergency requiring the appropriation of the sum of \$88,658.37 to a new Code Account, Code Account No. 1709-3, "repayment of federal loan" to repay the planning advance from the United States of America pursuant to an agreement between the City of Pittsburgh and the United States of America entered into in accordance with Resolution No. 262, approved October 11, 1961, and Ordinance No. 157, approved May 9, 1962.

MOTIONS AND RESOLUTIONS

Mr. Baskin presented

No. 2317.

MAYOR'S OFFICE

Pittsburgh, June 29, 1967

Honorable President and
Members of City Council
City of Pittsburgh

In re: Emergency Legislation to
Authorize Special Summer Pro-
grams (Recreation: Police-Com-
munity Relations).

Gentlemen:

On Thursday, June 29, 1967, the City received notice from the Mayor's Committee on Human Resources, Inc., that two grants for special summer recreational and police-community relations programs had just been approved for the City of Pittsburgh by the Federal Office of Economic Opportunity. These grants were made possible in part by a special appropriation by Congress for the summer 1967.

One of these programs, to be carried out by the Department of Parks and Recreation, will provide additional recreational facilities for approximately 25,000 people. A grant of \$154,000.00 will enable the Department to:

a. Open about twenty-five additional playgrounds and thirteen additional swimming pools.

b. Provide an expanded day camp program in City parks.

c. Increase playground area by the temporary closing of portions of twenty-five streets.

d. Operate mobile recreational units.

e. Employ approximately 128 additional personnel as supervisors, recreation leaders and lifeguards.

The City will be required to contribute approximately \$42,000.00 in services, supplies and equipment to the program.

No additional appropriations will be required to finance the City's contribution.

A second grant, in the amount of \$17,006.00, will be used to finance a Police-Community Relations Program under the direction of the Coordinator of Youth Work Programs in the Department of Public Safety. Eighteen young people and three supervisors will be employed and trained as detached workers to work out of the six police stations in disadvantaged areas of the City. The program will extend for a period of nine weeks. The City will contribute twenty percent of the cost of the program in cash, services, supplies and equipment. No additional appropriation will be required to finance the cost of the City's contribution.

Enclosed are a Certificate of Emergency and the following items of legislation designated to implement the above programs:

(1) Authorizing the execution of an Agreement between the City and the Mayor's Committee on Human Resources, Inc., to provide a special summer recreation program for residents of the City of Pittsburgh.

(2) Authorizing and directing the City Controller to create a new trust account in Special Trust Fund No. 2 to be designated "Department of Parks and Recreation Special Summer Program Trust Fund" and designating expenditures to be made therefrom.

(3) Authorizing the execution of an Agreement between the City and the School District of Pittsburgh to provide additional recreational facilities in connection with the special summer recreation program of the City.

(4) Authorizing the execution of an Agreement between the City and the Port Authority of Allegheny County to provide for transportation services in connection with the special summer recreation program of the City.

(5) Authorizing the execution of an Agreement between the City and the Mayor's Committee on Human Resources, Inc., to provide a special summer police-community relations program for the City.

(6) Authorizing the City Controller

to create a new trust account in Special Trust Fund No. 2 to be designated "Department of Public Safety Special Summer Program Trust Fund" and designating the expenditures to be made therefrom, and transfer Twenty-one Hundred Fifty Dollars (\$2,150.00) to the new trust account.

(7) Amending the salary ordinance to create the necessary positions for the special summer programs of the City.

The Mayor's Committee on Human Resources, Inc., was unable to give definite assurances of the availability of funds for these programs until June 29, 1967. Therefore, the requisite legislation could not be submitted at an earlier date.

Because it is essential to the success of these programs that their implementation be undertaken immediately, I hereby declare the existence of a public emergency and respectfully request unanimous approval of the enclosed legislation on the day of its introduction, in accordance with Section 12, Article XIV of the Charter Act of March 7, 1901, P. CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that appropriations shall be made annually by general ordinance except in cases of emergency, when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Works, in letters addressed to the Mayor and the City Controller, under date of July --, 1967, has stated that deficits exist in

Code Account 1642, Salaries, Regular Employees, Heavy Equipment Operators -----\$5,200.00

because of the necessity of performing special work grading and trenching for French drains at Bell Farm Landfill to eliminate drainage and odors; emergency service rendered to Department of Water, Department of Lands and Buildings and week end work loading trucks, picking up refuse during the Clean-up Campaign.

Code Account 1655-2, Wages, Regular Employees, Division of Asphalt Plant -----\$10,000.00

The deficit is due to working nights, Saturdays and Sundays resurfacing

streets in business areas not feasible to schedule during regular working hours because of congested traffic; and also for making repairs to the plant on Saturdays and Sundays when plant is not in operation.

Code Account 1655,5,
Materials -----\$150,000.00

Because of favorable weather during the past several months, the Bureau laborers were assigned to assist in asphaltic street repairs and resurfacing in Division Areas. With this increased force the asphaltic materials funds will be depleted.

Code Account 1655-8, Rental
of Equipment -----\$35,000.00

This deficit is due to necessity of resurfacing Port Authority rails in various sections of the City, requiring that we rent an additional asphalt paving machine and extra trucks to complete this part of our schedule.

Total transfers, all within the Bureau of refuse, amount to \$200,200.00.

Whereas, The same appears to be a good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, We, Joseph M. Barr, Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring the transfer of the sum of \$200,200.00 to be allocated as follows:

Code Acct.	Title	Amount
1642	Salaries, Regular Employees, Bureau of Heavy Equipment Operators - \$	5,200.00
1655-2	Wages, Regular Employees, Division of Asphalt Plant -----	10,000.00

Whereas, The Director of the Department of Public Works, in letters addressed to the Mayor and the City Controller under date of July 26, 1967, has stated that because of the abnormal volume of household furniture, junk and other refuse deposits at the curb for pick up by our collection forces, it became necessary to work personnel overtime and to assign additional trucks to make the pickups and that it is estimated that the additional sum of \$27,650.00 will be required to complete the 1967 Cleanup Campaign; and

PRESENTATIONS

The Chair presented

No. 2470. Communication from Mayor Joseph M. Barr requesting a special meeting of Council to approve the appointment of Sholom D. Comay as the Housing Court Magistrate for the City of Pittsburgh.

Also

No. 2471. Communication from Mayor Joseph M. Barr appointing Sholom D. Comay as Housing Court Magistrate for the City of Pittsburgh.

Which were read, received and filed.

Also

No 2472. Resolution approving and confirming appointment of Sholom Comay as Housing Magistrate for the City of Pittsburgh, effective August 15, 1967.

Which was read.

The Chair:

Let's be in order.

Do you want to be heard before Mr. Comay is confirmed?

Mr. William Hayden:

Yes.

The Chair:

Why not ask for the floor in the proper manner? If you are to be heard, you must receive the unanimous approval of Council.

Mr. Hayden:

I certainly want to be heard.

The Chair

Then I will ask permission of Council.

And there being no objections, Mr. Hayden was granted permission of Council to be heard.

The Chair:

Now Mr. Hayden, you can be heard. I object to your high-handed method. You needed only to ask for the floor in the proper method and you would have been heard.

Mr William Hayden:

We are now faced with a man you say should be the Magistrate of the Housing Court. But this man is being shove down our throats without consideration. That Mayor Barr, acting as a tyrant, should name a man without us having any consideration, is that a government of the people or by Mayor Barr? What are they trying to do? Are they jealous that the other cities are rioting and are going to make us riot too? Certainly, you won't have peace.

Don't you know the vision of Abraham Lincoln when he said you can't succeed in humanizing the Negro if you put him down? Are you quite sure when you have created this demon, he will not rule you?

We cannot live and survive in Pittsburgh without enjoying the same freedom that every man enjoys in Pittsburgh. Mayor Barr told me he was considering five names but we don't even know who the other names were. Do we know whether Mayor Barr has even considered a black man? He said this is the man

you have; we give him to you; you take it and forget about anything else.

You know Mayor Barr is a tyrant and if we hate the tyrant and you are willing to serve the tyrant, we will, one day, hate you. You cannot continue to go on in this manner. You cannot continue to give us this high-handed manner.

There are people travelling all over the United States wanting to know what is causing riots. This causes riots. This causes it, that you are going to force something down their throats. We don't want Comay in this high-handed manner and we are not going to have Comay. If you are going to give us this man, take this Court and isolate it because we will never bring a realtor before it. If you are to serve the City in this manner, then I think all President Johnson needs to do is send all of his committees here that want to learn why we riot and when we riot and certainly you are daring us

Rev. Donald Frange, Pastor,
Holy Cross Lutheran Church:

I would like to read a prepared statement from the Citizens Clergy Coordinating Committee and the United Movement for Progress.

"The CCCC and the UMFP are appearing in City Council today to protest the method by which a Housing Court Magistrate is being selected. We are deeply incensed by Mayor Barr's high-handed approach in naming a Housing Court Magistrate, a position which will so greatly aid the poor people of Pittsburgh.

"We are not objecting to the Mayor's appointee as such. Mr. Comay may be an excellent recommendation for the position. However, at no time did the Mayor ever consult with us as to the other persons who may have been considered for this job. After discussing housing problems with the CCCC and the UMFP the Mayor did not seem to think that it was necessary to take this kind of citizen representation into account in making this appointment.

"It may be that a more excellent choice exists among the other persons the Mayor considered in this appointment.

"We also wish to ask an important question. Were any Negroes considered for this job? In dealing with a problem which is mostly a problem for Negroes in Pittsburgh, a Negro certainly should be considered for this position.

"So that we are not misunderstood, we wish to reemphasize our major concern: the fact that the Mayor did not see fit to consult with all those who have been actively engaged in protest concerning housing problems in the City. The Mayor has not acted in good faith and we are deeply concerned that he has not yet understood the voice of the man in the street. We are angry to think that Mayor Barr would so arrogantly ignore so many of the citizens groups who have worked long and hard to get the city to face up to its slum-housing problems. We are also disturbed that an opportunity to appoint a Negro to an important City position is being passed up. Shouldn't a Negro have been given preferential consideration?

"We are therefor asking City Council to hold up its approval of the Mayor's appointment until the advice of other groups and organizations is taken into consideration. If you are unwilling to do this, then you must fall into the category of the Mayor, who seems to be insensitive to the concerns of All the people."

Rev. Donald W. McIlvane, Pastor,
St Richard's Church:

I would like to make a statement. I am a member of the NAACP.

Mr. Baskin:

I would like to know if you are speaking for the NAACP, since you have just identified yourself as a member of it. Has the NAACP authorized you to make this statement by direction of the Board?

Rev. McIlvane:

I don't think Council has the right to ask how the NAACP works?

Mr. Baskin:

I just want to know who you represent as a group. I am unsatisfied, Mr.

President, that he is acting under the direction of the Board of the NAACP but I have no objection to hearing what he has to say as an individual.

Rev. McIlvane

We protest strongly the action of Mayor Barr in naming a candidate for magistrate of the new Housing Court without consulting our organization. Mayor Barr, like Governor Shafer, has apparently developed the habit of consulting with certain Negroes whom he feels he can control. Mayor Barr does not control the NAACP. Is this why he didn't consult us? We object strenuously to the treacherous way in which he has made this appointment.

Moreover, we regret that Mayor Barr apparently didn't consider a single Negro as a possible candidate for this Court. This City Hall is filled with white department heads. The Negro is represented at Cabinet Level in Washington, D. C.—but not here in Pittsburgh. We denounce Mayor Barr and the Democratic Administration for once again ignoring the Negro when a key appointment is to be made. We warn him that this type of appointment, which apparently is being followed also in choosing a replacement for the late Senator Devlin, could have disastrous consequences for this city.

We sat in a meeting with Mayor Barr only three weeks ago. It has taken only that long for the Mayor to break faith with us and all the groups that joined in that negotiation. Mayor Barr may appear to be deeply interested in Pittsburgh progress but we warn him and all the members of Council that there can be no progress when militant civil rights groups are ignored and consultations are held with only a few carefully selected Negroes.

Rev. James Robinson, Pastor,
Bidwell Presbyterian Church:

For the last three weeks, some of us have been out in Homewood dealing with a pretty tense situation and we feel as though Homewood-Brushton is one of the areas where violence could erupt at any time. Mayor Barr told us and gave us his word, his verbal commitment, that when they chose a man for the

Housing Court, they would sit down with the people from all areas. We began the mechanics of getting people we thought were qualified. The next thing we know, we read in the paper that Mr. Comay, whom we have no real objections to as far as integrity, is named as Housing Magistrate.

Some of these people are going to have to go back to Homewood-Brushton. Is Council going to be responsible for the action that might take place when Mr. Hayden goes back and says that the doors are no longer open; that the Mayor dealt in bad faith?

Secondly, some of us are concerned about a black man being elected here as Magistrate since 95 per cent of these people are going to be black people.

When is the City of Pittsburgh going to wake up and think in terms of what is happening in America? I would like for Mr. Sholom Comay to answer, if he would, why should he deal with Dorothy Richardson who, herself, could be a Housing Magistrate? Why does it have to be, every time a man is chosen, he has to think white first? When are we going to be able to think that we can have a Negro as a voice of the Negro problems?

Anything that happens here, I think that Council is going to have to say Council may be responsible for it in a way because they didn't deal with the citizens. You're listening to the wrong voices. For the first time, you are listening to people who mean something. I don't think you're really listening, you're just talking. I am asking you to do one thing, if you would. I wish that Council would make a motion to delay this appointment of a Housing Magistrate until all the people in all the areas of the City of Pittsburgh, especially the ghetto areas, can sit down and put in people they feel would be acceptable, including black people, and then let the decision be made. I am asking the Council make this motion; that there be a delay until the people of all the areas, especially the ghetto areas, have the choice of the man they want.

Mrs. Dorothy Richardson, Chairman,
Citizens Against Slum Housing:

I am the Chairman of CASH. CASH

has members all over the City. For the past two years, we have been working to bring about the Housing Court and the strengthening of the laws on the books in favor of the grass roots citizens.

Now we are about to open up this Housing Court and we have people who are really not interested in seeing this thing through. They are trying to hold back what we have gained but the people we are trying to help are the little people. I see no reason why we should hold up the appointment of Mr. Comay. Grass roots citizens, all types of citizens, have sat down with the Mayor and asked the Mayor about this appointment. We didn't say, "Mr. Comay," but we told the Mayor we felt he ought to pick a man that is qualified. We felt that since Mr. Comay had worked with us for over two years, he knew the Codes; he knows about the Housing Court because he helped set it up; he knows about the rent controlling law because we all sat at the table to help strengthen it.

There wasn't another man that could begin the court right now and know what it's all about except Mr. Comay and I am hoping Council will not be swayed by these people coming on lately. They weren't with us when we started. We are glad they are not with us now. We want to go forward. What we want—we want our people to be helped now. Now that we have begun, we don't want to be held back by certain people. We want whatever person is elected still to try to keep this thing going forward.

I am not a person who can speak with fine words but in all honesty, we have worked hard to bring this thing about. We weren't trying to hurt anybody. We have people from all over the City with us. We have people in Homewood-Brushton; people in South Hills; people in the Northside—CASH is people all over and yes, we have people in Mt. Lebanon also. We are people of the City trying to bring about changes. The only way is to pass this magistrate. I think this would be only just.

Eva Lash:

I am with CASH and I would like to say a word. During the two years of CASH, Mr. Comay has been wonderful.

We went to Baltimore to see how the Housing Court acted and this is where we got our version. These people speaking were not with us but we did have people from all over Pittsburgh and every direction and these people were grass roots citizens. We are working hard to upgrade our people, not to downgrade them. Thank you.

Kathleen Woodson:

I have just a little more to add to what Mrs. Richardson and Mrs. Lash said. This is a wonderful organization. I didn't start out when they started two years ago. Since I have been in it, we have had meetings with Mr. Comay and he is wonderful and we are trying to help people. We have members from all areas so every area is represented.

Henry Woods:

Mr. Chairman, Ladies and Gentlemen, as a member of the Hill District Citizens Council, Housing Committee, we are not here to oppose the appointment of Mr. Comay. The point we are here to emphasize is that we feel the Mayor should have consulted with the group in negotiation with him on this appointment. I have supported CASH since its inception. However, we feel as though there are more groups involved in this than the CASH group. There are numerous groups involved. We will have to be consulted about these appointments. The Mayor can't say, "I appoint this man," without consulting a much larger segment of the community. This involves a lot of people.

We do not object to the appointment but we are not in accordance with the way it was done. There was an agreement that we would be notified of all the names and this is what we want. We want to know who those four or five people were. We want to see on what basis he made this appointment. We are in accordance with Mr. Comay but that is not the issue. We would like the appointment held up until we can discuss this further with the Mayor because there are too many people involved.

The other implications we are not too familiar with, we will have to study. We don't support it as such, now We will

protest it until we get other considerations from the Mayor as to how this came about. There all kinds of implications here and we want to discuss it with him and until that time, this appointment should be tabled.

The Chair:

Is there anyone else who wants to be heard?

Insofar as Council is concerned, we are either confirming or not confirming the Mayor's appointment. Insofar as the agreement you state the Mayor has made with you that he would meet with you and discuss the proposition or take into consideration with you who would be the Magistrate of the Housing Court, all we have in front of us is the recommendation from the Mayor and it is going to be up to Council to either vote it up or vote it down.

Now, we have heard the two sides to this story. Council has heard the request. Does any member of Council wish to speak on the subject?

Mr. Baskin:

Mr. President, it is somewhat disappointing to me that when the Mayor makes an appointment that is really in accord with what the situation requires, we have this kind of objection. I recall CASH working for more than two years to reach this point. I also recall that although some of us disagreed with some of the things CASH said in its presentation, we were all very grateful for the kind of work the organization did in bringing together various groups and in the work they did in presenting some of the problems.

I also recall that CASH was acting as the representative of some of the same people who are here in the room objecting at that time and during that time, Mr. Comay, who I think none of us on Council knew before, did an excellent job in presenting the position of CASH and their various requests, including the Housing Court.

I might say, the first request for this Housing Court came from CASH and it was evidence they brought for it to us

that led Mayor Barr and City Council to pass legislation to implement the requests of CASH.

There were several statements made about Mayor Barr which I think should not go unnoticed. In the first place, I don't think there is anyone in this City who has worked harder to solve the problems we have. As far as appointments are concerned, he has done all he could to advance Negroes to positions of responsibility.

Just in the past recent months, the head of the Board of Adjustment was appointed and he was a Negro; the Civil Service Commissioner appointed was a Negro; the head of the Poverty Program in the City is a Negro.

Now I don't think we have to prove we are for equality for all people by making every appointment either a Negro or white man and it seems to me the very position taken by some of the people here argue against the very point that they say they are trying to accomplish. Because a white man was appointed doesn't mean a Negro wasn't considered and it is unfortunate indeed that we have certain small segments that insist everything be done according to color rather than to ability.

I am satisfied with this appointment by the Mayor because I think he appointed a man who has shown the kind of interest necessary for this work and who has demonstrated his patience, his ability to work with all kinds of groups, and the fact he is capable of doing the job. It seems to me that is the issue before us. Turning everything done in this City, every appointment made, into a racial question does a great disservice to all of us and to every member of the community.

I want to make one point about violence. So far, the City of Pittsburgh has been very fortunate and I think it has been the result of a combination of many factors, chief of which has been the ability of community groups and the Administration to work together on these problems. Now, there are several speakers who, whenever things don't go their way or they don't get the appointment they want or don't get the program they want, immediately cry violence. I say to you people directly that if you

want violence and go out and preach it, you will probably get it but don't blame the people who are trying to avoid it. If, instead of preaching violence and hate and fear, you would go to the people and try to get them to work with you as other community groups do so we can work together for an orderly, peaceful progress, then I think Pittsburgh will set a high mark for the nation.

In conclusion, Mr. President, I want to say this. I stand a hundred per cent behind Mayor Barr in the program he has been trying to accomplish for the City. I think he has done an amazingly good job. I think there is a great deal to be done and no one recognizes it more than the Council and the Mayor. I think we have shown whenever any responsible group comes before us and the Mayor for a program, we have worked with them in trying to get this program adopted.

No one says we have done all we could and no one says everything we could do would be enough, but I think there is no question that we have established a cooperation and a sense of community responsibility here in the City of Pittsburgh which has set a mark in the Nation.

I would hope that we can continue on the paths we have followed in the past few years and that the majority of the people will recognize that the way to continue progress is the continued cooperation and continued working at problems in a progressive and orderly way and with a positive approach rather than to follow the few who are constantly preaching violence, hate and fear.

Mr. Leslie:

Mr. President, I would like the permission of Council to read into the record a letter addressed to the members of City Council from H. F. Talenfeld of 1436 Fifth Avenue, Pittsburgh 19, and this letter is dated August 15, 1967.

"I wish to remind you that Sholom Comay has been an active member and leader of CASH which has operated viciously against the landlord.

"Therefore, how can Comay be im-

partial in his judgment in cases involving the landlord?

"As a judge Comay must be able and capable of understanding both sides of the questions involved. Comay will only understand the side that he has been fighting for. Hitler, too, would only understand his side of any question.

"Find yourself for the job a man of greater human understanding who knows that there are two sides to any question and that he must administer his position judicially and with understanding.

"A real judge must be capable of acting as a judge."

ONE HUNDRED FOURTEENTH COUNCIL

PATRICK T. FAGAN.....President

GEORGE BOXHEIMER.....City Clerk

LOUIS C. DINARDO.....Ass't City Clerk

Pittsburgh, Pa.

August 28, 1967.

Special meeting of Council called by President Patrick T. Fagan at the request of Mayor Joseph M. Barr (9:00 o'clock, A.M., Eastern Standard Time) (10:00 o'clock, A.M., Daylight Savings Time).

Council met.

Present:—

Mrs. D'Ascenzo
Mr. Flaherty
Mr. Kamyk

Mr. Leslie
Mr. Mason
Mr. Fagan
(Pres't)

Absent:—

Mr. Baakin

Mr. Counahan
Mr. Kuhn

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

Mr. Fagan:

Thank you all for being present at this special meeting of Council to receive from His Honor, The Mayor Joseph M. Barr, communication notifying us that he has been appointed on a Commission with 19 other American citizens—some are public servants; some are private citizens; others are professional men to go to—South Vietnam and act as observers in the election of Sunday, September 3. There seems to be a lot of doubting Thomases in our Country about the election that it may be rigged and this Commission is going to observe and will be able to come back and tell the President of the United States what took place in the election and if anything is found wrong, the evidence will be reported to the President of the United States.

I see by the morning papers, the civil rights groups have wired the President of the United States to protest the Committee that has been created by the President of the United States to do, I think, an important job and to function in the interest of all of the citizens of this great Nation of ours.

You know we had an army in Turkey, and in Greece and we still have in Korea and as a result of it, those countries haven't gone over to the Communists. We saved them from the greatest enemy there is in the world today. Of all the countries in the Far East really making progress, it is Korea as a result of the time and effort and energy spent by American soldiers and the money we provided to save that Country from Communism and Red China.

I think I know something about war as I had five sons in World War 2 and one, like hundreds of thousands of other Americans, paid the supreme sacrifice in

order to save this Country of ours and the countries of Western Europe from Communism. I think the President has made a wise move and I hope that all of the citizens in the City of Pittsburgh will pray for the safety of the Mayor and all members of the Committee who are going to serve. I haven't heard of anyone turning the President down and refusing to serve on the Committee so it is my earnest prayer they will have a safe voyage to South Vietnam and they will be well protected there and will return safely.

Which was read.

Mr. Flaherty:

Mr. Chairman, in connection with Bill 2525, which is the bill for rezoning of six lots in the 20th Ward for a certain amount of public housing to be placed in that area, I have a petition of protest which was left with me by Mr. Frank Bayer, Vice-president of the Chartiers-Windgap Civic Club. He has asked that these petitions be made known to the members of City Council. I believe I showed it to all the members prior to this meeting. I think they also should be made part of the record along with the short caption, as follows:

"We, the undersigned, being property owners and residents in the 20th Ward, Pittsburgh, Pennsylvania, in the immediate vicinity of Centralia Street where a proposed low cost public project has been planned, hereby protest any change of zone to permit construction of this project. Such action would only depreciate the neighborhood and the properties therein, in addition to creating an overload in our school facilities."

Mr. Flaherty moved

The Petition be made part of the record (Bill No. 2746).

Which motion prevailed.

Mr. Flaherty:

This Petition of some 550 property owners and residents indicates an expression of fear on their part that some large-scale type of public housing may be planned in the area of Centralia Street. Again, I would like to state for the record that the actual bill before Council involves some six lots in this particular area. Eventually some 37 units will be built in this section of a much larger area. The rezoning action consists of one-third of the total area. Most of the area is already zoned "R2" and there is nothing Council could do, of course, to stop the units from going into the existing "R2" area.

Mr. Fagan:

This is all subject to the Federal Government granting the money to build this project, is that right?

Mr. Flaherty:

Yes, Mr. Chairman. We are, by no means, certain the project or housing unit will go through as the 37 units must be approved by the Federal Authorities to make the funds available.

After the affirmative recommendation last week and after the vote today, I do suggest perhaps to alleviate the fears that have grown up over the possibility of a large-scale public housing in that area, that we do grant a subsequent hearing to the petitioners and anyone else who wish to attend and that we have with us the officials of the Planning Department and the Housing Authority to indicate to these people that no expansion or large-scale public housing project is planned in the area other than the 37 units mentioned. This hearing would review the matters of procedure and controls in this area.

I would also suggest that the hearing be set as soon as possible.

Mr. Fagan:

Have you a date to suggest?

Mr. Flaherty:

I would be of the opinion it should be set as soon as possible on whatever date is available through the Clerk's office.

Mr. Connahan:

It should be set for as soon as possible even if we had to set a special day for it.

Mr. Mason:

Couldn't we set it for 2 o'clock on October 25?

Mr. Flaherty:

Would that give us enough time to notify?

Mr. Boxheimer:

Oh, yes. I will notify the Planning Commission immediately and they will send notices to the residents. You want Mr. Tronzo and Mr. Mauro here?

Mr. Flaherty:

To be notified, yes.

Mr. Leslie:

May I ask one question, Mr. Chairman. The purpose of this public hearing — is this to inform the people as to the possible use of the land adjacent or just to inform them of the plans for the general area?

Mr. Flaherty:

I think that primarily it should be to inform them of the possible use of the land but I am sure it will get into a general hearing, perhaps on procedures and controls. I don't see how we can limit it, really.

Mr. Leslie:

Is there any thought in anyone's mind

that at a later date, can we change this legislation? In otherwords, if we approve this as we have today, is there any possibility that during the hearing they may ask if we can rescind this legislation and is this to be considered at this public hearing or is it just a hearing for information?

Mr. Flaherty:

It is primarily to alleviate their fears on expansion. I think they should all know and we should develop it during the hearing. After that, what else may develop, we will have the Planning Department officials here to tell us if there are any future plans.

Mr. Flaherty moved

MOTIONS AND RESOLUTIONS

Mr. Flaherty presented

No. 2870.

WHEREAS, Section 117 of the Housing Act of 1949, as amended, authorizes the Secretary of Housing and Urban Development to make grants to municipalities and counties to assist them in carrying out programs of concentrated code enforcement in deteriorated or deteriorating areas in which such enforcement, together with certain public improve-

ments to be provided by the locality, may be expected to arrest the decline of the area; and

WHEREAS, it has been found and determined by the City of Pittsburgh that there exists within the geographical boundaries of the City a certain deteriorated or deteriorating area in the 10th and 11th Wards of the City, sometimes hereinafter referred to as Garfield, for which a program of concentrated code enforcement, combined with certain public improvements, may be expected to arrest the decline of said area; and

WHEREAS, the City desires to make application for a Grant Contract for Code Enforcement Program to provide for the extension by the United States of America to the City of certain Federal financial assistance under Section 117 of Title I of the Housing Act of 1949, as amended, with respect to such a code enforcement program in Garfield to be known as the Garfield Code Enforcement Program; and

WHEREAS, it is recognized that the grant of funds pursuant to Section 117 will impose certain obligations and responsibilities upon the City, among which is the obligation to assure that any persons who may be displaced as a result of the code enforcement and public improvements programs will be relocated into decent, safe, and sanitary housing in accordance with the regulations of the Department of Housing and Urban Development; and

WHEREAS, Title VI of the Civil Rights Act of 1964, and the regulations of the Department of Housing and Urban Development effectuating that Title, provide that no person shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination in the undertaking and carrying out of any program or activity receiving Federal financial assistance under Title I of the Housing Act of 1949, as amended; and

WHEREAS, Section 402 of the Housing and Urban Development Act of 1965 requires that, as a condition of eligibility for Federal assistance under Title I of the Housing Act of 1949, the City

shall satisfy the Secretary that it will follow certain prescribed policies in any acquisition of real property by eminent domain in connection with public improvements in the Garfield Code Enforcement Area charged to the Garfield Code Enforcement Program cost for which a Grant Contract for Code Enforcement has been executed by the City; and

WHEREAS, the City desires to approve and adopt a "Land Acquisition Policy" in accordance with such requirement; and

WHEREAS, the City understands that, in accordance with the provisions of the Urban Redevelopment Law, Act of May 24, 1945, P. L. 991, as amended, and the Redevelopment Cooperation Law, Act of May 24, 1945, P. L. 982, as amended, the Urban Redevelopment Authority of Pittsburgh is willing to be designated as the coordinator and fiscal agent for the City and the County of Allegheny for the public purposes of effectuating the Garfield Code Enforcement Program in the City of Pittsburgh; and

WHEREAS, the City desires to appoint the Urban Redevelopment Authority of Pittsburgh as the coordinator and fiscal agent for the purpose of effectuating the Garfield Code Enforcement Program.

Now, Therefore, Be It Resolved by the Council of the City of Pittsburgh:

1. That an application be filed with the Department of Housing and Urban Development on behalf of the City for a code enforcement grant under Section 117 of the Housing Act of 1949, as amended, of two-thirds of the cost of undertaking and carrying out a code enforcement program, which cost is now estimated to be \$6,067,200.00, in an area or areas to be designated and described specifically in such application, and that the Mayor is hereby authorized and directed to execute and file such application, to provide such additional information and furnish such documents as may be required by the Department of Housing and Urban Development, to execute any contract or contracts as may be necessary for the grant applied for, to execute and file requisitions for funds, and to act as the authorized representative of the City in the accom-

plishment of the code enforcement program.

2. That during the period of the contract for the code enforcement grant the City will maintain a level of expenditures for code enforcement activities, exclusive of expenditures in any federally assisted code enforcement or Title I urban renewal project areas, that is not less than the City's average yearly expenditure for the two full fiscal years immediately preceding the filing of the application for such activities throughout the City.

3. That the City has a program for and will provide in a timely manner all necessary public improvements for the code enforcement area.

4. That there exists in the City an adequate amount of decent, safe, and sanitary housing which is available to persons displaced as a result of the code enforcement and related public improvements programs, at prices which are within their financial means and which are not generally less desirable in regard to public utilities and public and commercial facilities than the dwellings of the displaced individuals and families, and it is the sense of Council that such displacees, if any, will be relocated in accordance with applicable regulations of the Department of Housing and Urban Development.

5. That the United States of America and the Secretary of Housing and Urban Development be, and they hereby are, assured of full compliance by the City with regulations of the Department of Housing and Urban Development effectuating Title VI of the Civil Rights Act of 1964, in the undertaking and carrying out of the Garfield Code Enforcement Program.

6. That in acquiring any real property in the Garfield Code Enforcement Area by the exercise of eminent domain in connection with public improvements charged to the Garfield Code Enforcement Program cost, for which a Grant Contract for Code Enforcement has been executed by the City, the City will

a. Make every reasonable effort to acquire each property by negotiated purchase before instituting eminent

domain proceedings against the property.

b. Not require any owner to surrender the right to possession of his property until the City pays, or causes to be paid to the owner (i) the agreed purchase price arrived at by negotiation, or (ii) in any case where only the amount of the payment to the owner is in dispute, not less than 75 percent of the appraised fair value as approved by the City.

c. Not require any person lawfully occupying property to surrender possession without at least 90 days' written notice from the City of the date on which possession will be required.

7. The Urban Redevelopment Authority of Pittsburgh is hereby designated as the coordinator and fiscal agent for the City for the purpose of effectuating the Garfield Code Enforcement Program in the City.

ONE HUNDRED FOURTEENTH COUNCIL

PATRICK T. FAGAN.....President

GEORGE BOXHEIMER.....City Clerk

LOUIS C. DINARDO.....Ass't City Clerk

Pittsburgh, Pa.

Monday, December 4, 1967.

Present:—

Mr. Baakin	Mr. Kamyk
Mr. Counahan	Mr. Kuhn
Mrs. D'Ascenzo	Mr. Leslie
Mr. Flaherty	Mr. Mason

Absent:—Mr. Fagan (Pres't.).

In the absence of Mr. Fagan, Mr. Counahan acted as President Pro-tem.

The meeting was opened by the recitation of the pledge of allegiance to the Flag of the United States of America.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation, under God, indivisible, with liberty and justice for all.

Mr. Counahan:

If there is no objection, we will suspend the regular order of business and the Mayor will present his 1968 Budget.

Will Mrs. D'Ascenzo and Mr. Mason escort the Mayor to the podium, please?

Ladies and gentlemen, the Mayor will now present the budget for 1968.

Honorable Joseph M. Barr:

President Pro tem, Mr. Counahan, and members of City Council:

I think before I start, I would like to immediately pay my public respects to our late Controller, Edward R. Frey, who, as you probably all know, died during the night, Mr. Frey was Controller of the City of Pittsburgh for a great many years and was a great public servant. Before that time, he was a member of the State Senate of Pennsylvania and had quite a public career. I say to his daughter, Marie, and all his family and let them know I send them the sympathy of all of you. I would ask, at this time, that you all stand for a moment in silent prayer.

Thank you kindly.

This General Fund Budget for 1968, which I have the honor to present to you today, is one of the most troublesome I have ever submitted in my tenure as Chief Executive of this city.

It is troublesome because it is built on a seeming contradiction. On the one hand, Pittsburgh fortunately still finds itself in the midst of a sustained economic surge with relatively low unemployment throughout the labor market area. At the same time, the City's resources are simply inadequate to meet our overall municipal obligations from year to year.

We will finish the year with a healthy net surplus of \$4,205,000 available for the 1968 Budget. This reflects generally good revenue collections in 1967 exceeding the original estimates by approximately

\$1700,000 and cancellations from all Code Accounts amounting to \$2,505,000.

Yet, the strong year-end balance is offset by several major adverse developments during the past 12 months.

1. Pittsburgh has been sharply set back by the recent court decisions reducing Downtown valuations which required the City Treasurer to make emergency unanticipated refunds of \$570,000 this year and which will apparently mean even greater rebates in 1968. Indeed, the effect of these reductions in property values may run into millions of dollars in the years ahead.

2. The City's stepped up pace of physical improvements, coupled with the high cost of borrowing in the present tight money market, is adding nearly \$1—Million to the City's Debt Service obligations.

3. The Nation is caught in an inflationary spiral which produces higher prices for every service the City performs and for every item the City buys from Rock Salt to Rubber Tires.

We are in no better position to fend off inflation than the individuals and families who make up the City population and who pay the City Taxes.

There is no foreseeable sign of abatement in this inflationary pattern; at the same time there is no sign of abatement in the public demand for improved and expanded services.

We start the New Year with mandatory increases—by definition expenses over which we have no choice—amounting to nearly \$2—Million.

1. Debt Service charges in 1968 will be \$9,194,547, an increase of \$973,511. Pittsburgh was fortunate to secure a relatively low interest rate of Four per cent in borrowing \$12.9—Million earlier this year to finance its extensive municipal improvement program.

2. Adverse court decisions on Downtown property values will necessitate real estate refunds \$600,000 higher than the 1967 figure. With more than 400 property appeals before the local courts, even this amount may prove insufficient.

3. Retirement benefits for City Employees, including Social Security costs, will be \$118,000 higher.

4. Wage increments for First, Second and Third Year Police and Firemen must be provided at a cost of \$162,830.

5. City contributions for employee hospitalization at the modest rate of \$4 a month for the full 12 months in 1968 will require an additional \$140,000.

6. To finance employee disability compensation benefits add \$75,000 to the General Fund because of rising hospital, Medical and Drug costs.

I repeat, these are expenses we must meet; no discretion involved.

The 1968 requests from the Departments, as received in the Mayor's Office, exceeded the 1967 appropriation by more than \$2,250,000. These were legitimate requests which every operating head honestly believed were necessary to carry out his function.

These items have been cut down to try to meet our tax structure requirements. To do so, we have had to forego or eliminate many programs and personnel requests that were desirable if not immediately necessary.

Here again, a substantial part of the rise in the Departmental Budget is due to the higher cost of Materials, Equipment, and Services.

New personnel are approved only where not to do so would force a cut-back in vital service or maintenance.

For example, we have developed nearly 40 Parklets, Malls, Ballfields and Tot Lots throughout the City the past two years. It serves no lasting purpose to provide these recreation facilities and then fail to maintain or staff them properly. We are allocating approximately \$131,000 for this purpose in the Parks Budget.

In preparing future capital improvement requests, I am directing all Department Heads to provide an estimate of operating requirements so that when a Council approves the construction of a new facility, we know beforehand what operating obligations we assume upon completion of that facility.

To expand and strengthen Police protection throughout the City, we will place 40 additional Patrol cars on the streets next year. In order to permit Police to broadcast and receive more than one emergency call at a time, and thereby insure even faster response we are converting the Police communication system from One to Four Channels. Cost of radio conversion in 1968, \$42,000.

Demands for Police services are increasing annually and based on our current allocation of manpower services, \$45,000 more will be required next year for overtime payments.

As part of our continuing program to mechanize and modernize services, we have increased City automotive equipment by nearly 150 units in the past two years. To pick up the maintenance gap, we are budgeting \$109,000 more for Mechanics, Workmen, and Auto Parts to the City Garage which does a good job of keeping the City fleet in round-the-clock working order.

To meet our growing commitment for expanded code enforcement and demolition of dangerous structures, we are providing for an additional inspection team in the Bureau of Building Inspection at an aggregate cost of \$26,800.

As Council knows, we have also applied to Washington for a \$6-Million Federally-assisted Code Enforcement Program in the Garfield Area, which if approved, will enable us to expand further our Building Inspection Force. Although the Federal Government provides two-thirds of the project funds, the City is committed to an outlay of \$1,816,900 for a wide-range of improvements over a four-year period.

I am recommending the establishment of one new position and the upgrading of another in the Mayor's Office. During the past decade, City Government has launched a number of major new functions and a host of minor ones. These place a greater burden on this office in terms of overall direction, coordination between departments and agencies, and public information.

To expand and modernize our data processing operation to serve the Treasurer's Office, City Planning and other

City Agencies, \$55,000 is earmarked for an enlarged computer system to become operative in mid-year 1968.

In the Water Department, we are setting up a valve inspection crew as part of our accelerated effort to inspect and repair the more than 75,000 valves in the City's system. This staff expansion, at a cost of \$27,000, goes part-way toward meeting the recommendation of the Fire Underwriters Association for annual inspection of all Water Line Valves.

You will note that this budget confirms our continued determination to carry forward and to improve programs designed to help our less fortunate citizens lead more productive lives.

We are increasing the allocation for the Neighborhood Youth Corps from \$130,000 to \$150,000. This will make it possible for the City to provide Work-Education-Training experience for 300 young people over and above the City's on-going program as part of the concentrated employment program administered by the Mayor's Committee on Human Resources, Inc.

This means a total of nearly 800 young adults will be enrolled by the City next year. We have good reason to be proud of the manner in which the Pittsburgh NYC has been administered to help salvage the lives of thousands of youngsters who might otherwise be doomed to a life as an unemployment statistic.

In addition, as part of the CEP, we are committed to approximately 50 on-the-job training positions for unemployed adults. Under this Adult Training Program, the U. S. Labor Department will pay 90 percent of the costs for the first 12 months; the City obligates itself to absorb these personnel costs thereafter.

Obviously, the task of finding or providing jobs cannot be left to City Government alone. We need to mobilize other public agencies and particularly the private sector, if we are to place these men and women in useful occupations.

I shall continue my efforts in the months ahead to secure a greater commitment from local business and industry for job opportunities that will give a man a sense of worth, help promote

family stability, and convert the receiver of welfare funds into a productive taxpayer.

In the field of housing, City Council has approved a \$6-Million residential Land Reserve Fund to be administered by the Urban Redevelopment Authority in order to acquire sites and write down land costs to make possible the development of more low-cost housing throughout the City.

The newly-formed Housing Court, which is dealing with all violations relating to housing conditions, will require \$32,800 for staff, equipment and supplies.

We are allocating \$75,000 next year to the Pittsburgh Housing Authority which is administering the Central Relocation Office. During the past 12 months, more than 300 families and individuals displaced by public action, primarily code enforcement, were relocated with the help of this agency. We hope to recoup a portion of this cost from the County Health Department which administers the Housing Code.

These are just a few instances of new obligations and services the City is now expected to perform that did not exist just a few years ago.

These functions reflect that more and more each year the responsibility of a city to its people is growing—and changing. Unfortunately, the resources to meet these new responsibilities do not grow at the same rate.

— — — — —
The combined total of these departmental items coupled with the non-departmental requirements amounts to \$69,445,822.

According to the City Treasurer, 1968 revenues will be \$64,200,000, which along with the anticipated surplus of \$4,205,000 means total resources of \$68,405,000 for next year.

It can be readily seen, that even without a wage adjustment for City Workers, the General Fund is out of balance by more than \$1-Million.

No one will deny the cost of living has risen just as inexorably for the City Worker as his counterpart in the public

or private sector. One employee group after another has made the case, with considerable justice, that the municipal wage schedule is lower than that of other communities and private industry. Moreover, the pattern of recent wage settlements locally and across the Nation is well-known.

To deal as fairly as possible with all City employees within the framework of a realistic tax structure, I am proposing the following wage formula:

For all Municipal Employees, other than Police and Firemen, a general increase of Five Percent (5%).

For all Police Patrolmen and Fire Hosemen, a flat increase of \$500. This represents a wage hike of 7.2 percent for fourth-year men and brings their annual salary to \$7,400.

For all Police and Fire Officers above this rank, an across-the-board increase of Seven Percent (7%). The status of Fire Captains and Battalion Chiefs will also be upgraded.

It is admittedly not customary to propose a higher wage increase for the uniformed services than the rest of the municipal work force. I believe that the overwhelming vote of the electorate in approving the recent Constitutional Amendment for binding arbitration for police and firemen indicates strong public support for the wage needs of the men who perform these vital services. Furthermore, what I am recommending here is in line with similar special attention accorded the uniformed services in other cities.

I am proposing one other adjustment to correct an inequity of long-standing. In 1961, the City adopted a pay plan developed by the Pennsylvania Economy League that called for annual five percent increments to salaried workers until they reached the maximum step in their job classification. The intent was to insure equal pay for equal work.

Because of the lack of funds each year, these increments have not been paid (except to first, second, and third-year police and firemen).

The purpose of the pay plan has therefore been thwarted. In many instances,

we have men and women working side by side, as clerks or wallwashers or foremen, doing identical work with pay differences up to 25 percent. Many positions have been frozen at an unrealistic low starting salary. For example, we are in the absurd position of trying to recruit full-time recreation leaders at a salary of \$3,800 a year.

Equal pay for equal work is a sound personnel concept and essential to the morale of the municipal work force. To the extent feasible, we plan to advance starting salaries in some 110 job categories and thereby more nearly equalize salaries within those categories.

Total costs of these salary recommendations amount to \$2,935,000. Added to the General Fund requests previously explained, this brings the City's general fund budget for next year to \$72,380,822, or approximately \$3,975,822 more than the anticipated revenues.

To make up a deficiency of this scope, the City's options are severely limited. We are at the legal limit of most of our major tax sources, with the exception of the real estate and water levies.

Therefore, to fulfill my responsibility of submitting a balanced budget to Council, I must reluctantly request an increase in taxation of real estate in the amount of five mills on land and two and one-half mills on buildings. This will produce an estimated \$4 million and provide the General Fund a bare surplus of approximately \$25,000.

In effect, this recommended real estate boost is equivalent to a flat rate increase of 3.3 mills on combined land and building values under the flat millage system which most property owners more readily understand.

In summary form here is the City's General Fund picture for 1968:

1967 Cash Surplus	-----	\$ 4,205,000
1968 Revenues	-----	\$68,200,000
(including real estate adjustment)		
Total funds available	-----	\$72,405,000
1968 Departmental expenditures	-----	\$72,380,822
(including wage adjustment)		
Net Surplus	-----	\$ 24,178

Water Department expenditures next year will amount to \$7,421,594. This brings the final 1968 appropriation to \$79,802,416, an increase of \$5,110,623 above the 1967 adjusted level of spending.

As in prior years, we have had to make these difficult budget decisions with an eye on the financial plight of the Pittsburgh Board of Education which, although completely separate from City Government, depends on the same Pittsburgh taxpayer for its support.

As Council knows, the School Board next year is constrained to increase the earned income tax by one-half of one percent to meet its obligations to the citizens and families of this city for quality education.

Our programs to build a better city—and the School Board plans—are inextricably linked, for a city can have no greater asset than a school system of excellence to which this Board and its able superintendent are committed.

The challenge that confronts us both is to determine, hopefully in a wise manner, how far we can stretch our local resources to meet the basic educational and governmental needs of this community without producing a cumulative tax burden so oppressive as to deter families from living here.

I want to make it clear that this budget document barely meets the needs of this City for the next 12 months.

Despite its record-breaking dimensions, it is a tight fit. I must caution the members of Council that this general fund budget is so closely calculated—it seems likely that the surplus at the end of 1968 will be much lower than the current figure.

It does not contain any margin for unanticipated expenditures or emergencies. Naturally, it is subject to your most careful analysis. If Council is able to effect any significant reductions, I would urge that such savings be allocated to the Department of Parks and Recreation which has absorbed a greatly expanded capital facility load with a minimum of new maintenance staff.

As I look back over the budget messages I have submitted to Council during the past eight years, one theme emerges with monotonous and depressing regularity—our local resources do not grow fast enough to meet even the minimal and mandated needs of municipal government.

Where do we go from here? Some help can be provided locally.

The very minimum relief this city has the right to expect is the right to use whatever resources have already been granted to us by the General Assembly based on our own good judgment and discretion.

Why shouldn't the Mayor and City Council have complete freedom to determine which tax items to adjust when additional funds are required?

To gain this flexibility, I plan to submit a proposal to the Constitutional Convention which began its deliberations a few days ago requesting the same home rule fiscal powers for Pittsburgh that are now enjoyed by Philadelphia.

We will need broad-based and bipartisan support for this effort.

I would hope that the City employee groups whose future economic welfare depends on the City's resources, will join with us in attempting to muster state-wide backing for fiscal home rule for Pittsburgh.

I also believe the City should explore the merits of converting the present graded tax system on real estate to a flat millage basis if for no other reason than the purpose of clarity and understanding.

It seems to me that whatever economic benefit lies in the graded tax concept with its stress on land values no longer applies in a city with virtually little or no vacant land available for development.

Beyond that, the failure of the County Board of Property Assessment, Appeal and Review to establish realistic land assessments in keeping with the growth of building values during the post-war period has virtually nullified whatever theoretical incentive value lies in the graded tax approach.

The rationale and fairness of a realistic reassignment of regional services now provided solely by the City still exists.

While we have not succeeded in securing much relief locally, we have been as successful as any other American city in our effort to obtain a fair share of the State and Federal dollar, particularly the latter, to improve physical and social conditions.

We were one of the first cities in the nation to get Federal assistance in our open space and beautification program and for the demolition of dilapidated buildings.

As I mentioned earlier, we have applied for a Federally aided Code Enforcement Program in Garfield and have applications on file with HUD for Federal grants amounting to \$22.4 million to rebuild and conserve three other major City neighborhoods.

We are one of 63 cities in the nation to obtain planning funds for the Model Cities Program.

We received the largest grant of any city in Pennsylvania from the Federal Economic Development Administration, \$4.1 million, which now enables us to construct a modern rapid sand filtration plant at the Aspinwall site.

As a result of timely planning and effective administration, Pittsburgh has received more funds on a per capita basis for its efforts against poverty through the Community Action Program and the Neighborhood Youth Corps than any city in the United States.

We have carried the fight to the Governor and the General Assembly for State aid to cities in such key programs as Community Action, Code Enforcement, and the Removal of Urban Blight.

We must continue the battle for greater Federal funding and administrative flexibility to speed-up and step-up the development of new and rehabilitated housing for low-income families. No single item has greater priority on the municipal agenda.

In summary, during the past six years, Pittsburgh has obtained more than \$85 million in Federal and State funds to apply toward the entire gamut of municipal needs ranging from urban renewal and library construction on the physical side to the war on poverty and manpower training on the social side.

Our success in earning Federal assistance over the past decade is heartening and a tribute to the skill and thoroughness of the City officials involved in the planning and execution of these programs, and to Council's wholehearted and consistent legislative support.

During the past decade, federal grant-in-aid programs have been extremely welcome and beneficial. But at the risk of repetition in these annual budget messages, let me re-state my firm belief that the rate of federal aid to urban areas must be drastically expanded in the months and years ahead.

However, let me repeat my oft-stated belief that welcome and beneficial as the present rate of Federal assistance has been, it must be drastically expanded.

We need a massive re-ordering of priorities at the national level. Without Federal assistance in far greater measure than anything yet available, we cannot hope to achieve our plans for betterment, to wipe out slums, to arrest blight and decay and to produce in their place adequate and safe housing for vast numbers of low-income families in decent, attractive neighborhoods.

Until such help is available in sufficient measure, we must look ahead realistically and plan our programs and our finances, as fairly and as thoughtfully as it is humanly possible to do so.

This budget proposal enables us to face up to our obligations for the next 12 months, to improve municipal services, to maintain the physical rebuilding which has brought national recognition to Pittsburgh, to strengthen the network of public and private programs to meet the needs of our less fortunate citizens, and to improve the quality of life for all people.

With your continued cooperation, we can look beyond the limits of today's challenges with a bold vision of the better City, Pittsburgh can become.

Edward R. Frey served as City Controller for 28 years, during which time he served the City of Pittsburgh ably and honorably. City Hall officials who dealt with Mr. Frey often found him to be a tight-fisted taskmaster while doing business with his office.

Edward R. Frey served two terms in the Senate of the Commonwealth of Pennsylvania, representing the South Side. He also served as a Ward Chairman in the Eighteenth Ward of the City of Pittsburgh.

THEREFORE, The Mayor and the Members of the Council of the City of Pittsburgh wish to express their deep sorrow upon his passing.

Whereas, The City of Pittsburgh desires to participate in the Project 70 Land Acquisition Assistance Program and to make application for a grant to assist in the acquisition and development of certain land for the proposed Brookline Park to be located and more fully described in the application to be submitted;

MOTIONS AND RESOLUTIONS

Mr. Baskin:

Mr. President, if I may, there are two matters I would like to comment on and I hope, briefly. First has to do with the budget and the very curious calm in this room even though we're passing the highest budget in our history. In some ways, this has been the most difficult budget that Council and the Mayor have wrestled with in many years and I simply want to say to them, as a Councilman, that I appreciate very much their cooperation this year. They gave of themselves freely in meeting on many occasions which I am sure we have convinced to them, and listened patiently and intently to a great many people. As Chairman of the Committee on Finance, I want to not only express my appreciation but also make it known that I think the employees and taxpayers and the public, generally, should feel that Council did a good job on the budget this year, as did the Mayor's office.

The second thing I would like to say to Council has to do with the Mayor's Executive Secretary, Aldo Colautti. I think we should make it a part of the record to note his departure from the City after so many years of service. He is leaving, as you know, to join the Ford Foundation in New York. I don't know of anyone I have ever met in public service who has been more devoted or

more diligent or more honest in the administration of public affairs than Aldo Colautti. I don't think that any member of the public could possibly appreciate the contribution he has made to the growth of the City in the past ten years.

Now, I know there were many times during his term that he, on one side, and Council on the other, have had a great many differences of opinion and some rather heated exchanges but I think, in fact I know, that we have been able to maintain good relationships between the administrative branch and the legislative arm because at all times, the differences were directed toward the public welfare. The merits of the issue, and not personalities, were the only subjects of controversy and I think that has had a great deal to do with the cooperative manner in which Council and the Mayor's office have been able to work together over the past years.

I think it would be proper, whoever moves to adjourn, if he would adjourn in appreciation for the services Aldo Colautti has rendered to us and the Mayor and every citizen in the City of Pittsburgh during his term of office and I know we all wish him well and his family for the future, health and happiness.

Mr. Fagan:

Thank you, Mr. Baskin.

I might say, for myself, that when we adjourn, we adjourn Sine Die because this will be the finale of this Council for the year 1967. We will organize a new Council in January, 1968.

I, too, wish to express to all of you my thanks, my gratitude, my appreciation for the cooperation you have given me over the years I have had the privilege of serving as a member of Council and also as Chairman and President of City Council. I want to wish for the members of Council, His Honor the Mayor, and including Aldo Colautti, the best of everything for the coming year.

As for Aldo Colautti, who is leaving after several years of outstanding, dedicated service to the citizens of the City of Pittsburgh, I might say I have never

worked with a man more dedicated to the ideals and principles of municipal government, understands them from "A" to "Z," and does an outstanding job and is interested in the welfare of all the citizens in this great City. I am sorry the Administration is losing him but apparently he has a better job as a result of his ability and knowledge and training and, of course, it is only natural that people like to advance themselves. I hope he will be successful with the Ford Foundation and that whoever succeeds him will be as capable and as qualified as Aldo Colautti has been both during the administration of the late Governor Lawrence of happy memory and also Mayor Barr.

And so, on behalf of myself, I say to you and all of the citizens of the City of Pittsburgh, I wish you a very, very

Merry Christmas and ask God to bless you during the coming year. Good luck to you.

Mr. Counahan:

And Council wishes you the same, Mr. President.

Mr. Fagan:

Thank you.

Mr. Counahan moved

That Council adjourn Sine Die and in appreciation for the services of Aldo Colautti, Executive Secretary, Mayor's office.

Which motion prevailed.

No. I

AN ORDINANCE—Authorizing and directing the Mayor, the Director of the Department of Public Safety and the Director of the Department of Public Works, for and in behalf of the City of Pittsburgh, to enter into an Agreement with the Public Parking Authority of Pittsburgh for the performance by employees of the City of certain services relating to the enforcement of parking regulations, maintenance of parking meters and cleaning of the premises at the Authority's off-street parking lot which is located on property bounded on the north by Station Street, on the west by New Street and on the south by Harvard Street in the 11th Ward of the City of Pittsburgh.

Whereas, Pursuant to Ordinance No. 262, approved July 11, 1947, the Public Parking Authority of Pittsburgh was created by the City of Pittsburgh under the provisions of the Parking Authority Law, Act of June 5, 1947, P. L. 458, in order to provide off-street parking facilities for the alleviation of the parking crisis and traffic congestion in the City of Pittsburgh; and,

Whereas, The said Authority has acquired and is developing an off-street parking lot which is located on property bounded on the north by Station Street, on the west by New Street and on the south by Harvard Street in the 11th Ward of the City of Pittsburgh; and,

Whereas, In order to make the acquisition, development and operation of the parking lot economically feasible, said Authority proposes to install parking meters in said lot and to operate it without an attendant on the premises; and,

Whereas, The Council of the City of

Pittsburgh has by Ordinance No. 227, approved June 28, 1957, as amended, made improper and overtime parking in such Authority lots unlawful; Now, Therefore,

The Council of the City of Pittsburgh hereby enacts as follows:

Section 1. That the Mayor, the Director of the Department of Public Safety and the Director of the Department of Public Works, for and in behalf of the City of Pittsburgh, be and they are hereby authorized and directed to enter into an Agreement with the Public Parking Authority of Pittsburgh for the performance by employees of the City of certain services relating to the enforcement of parking regulations, maintenance of parking meters and cleaning of the premises at the Authority's off-street parking lot which is located on property bounded on the north by Station Street, on the west by New Street and on the south by Harvard Street in the 11th Ward of the City of Pittsburgh, in substantially the following form:

AGREEMENT

Made and entered into this _____ day of _____, 1966, by and between the City of Pittsburgh, a municipal corporation of the Commonwealth of Pennsylvania, domiciled in the County of Allegheny, hereinafter referred to as the "City,"

AND

Public Parking Authority of Pittsburgh, a body corporate and politic created and existing under the laws of the Commonwealth of Pennsylvania, domiciled in the County of Allegheny, hereinafter referred to as the "Authority."

WITNESSETH:

Whereas, The Authority owns and is in the process of developing an off-street

parking facility, bounded on the north by Station Street, on the west by New Street and on the south by Harvard Street in the Eleventh Ward of the City of Pittsburgh, hereinafter referred to as the "parking lot"; and

Whereas, The Authority intends to regulate parking in the parking lot and to make charges therefor by the use of parking meters, without having an attendant present on the premises; and

Whereas, In order to provide for the efficient and economical operation of the parking lot it is desirable that the City render certain services by its employees; and

Whereas, The operation of the on-street parking lot will aid in the alleviation of the parking crisis and traffic congestion of the City.

Now, Therefore, in consideration of the covenants and agreements herein contained, it is hereby agreed that:

1. The City, through its Department of Public Safety, shall furnish police officers to check the parking lot as often as may be reasonably necessary for enforcement purposes, but not less frequently than the curb parking meters in the general area are checked to determine whether the vehicles in the parking lot are parked in conformity with the requirements of Ordinance No. 227, approved June 28, 1957, as amended, that all such vehicles be parked within the marked individual parking spaces, that the operator pay the posted parking rate by depositing coins or tokens in the parking meters and that no vehicle be parked longer than the total permitted time in the lot, nor longer than the time for which payment into the meter has been made.

In the event that any violation of said Ordinance No. 227, approved June 28, 1957, as amended, is found, the police officers and other employees of the City shall follow the procedure in such cases provided in said Ordinance.

Police officers and other employees of the City shall cooperate fully with the Authority and furnish the Authority with all necessary information with respect to the frequency of checks, the number of violations and other data

pertinent to the efficient operation of the parking lot.

2. The City, through its Department of Public Safety, shall from time to time and as often as may be reasonably necessary, inspect, maintain and repair the parking meters installed in the parking lot, so that the meters shall be kept in proper and efficient working order and condition. The inspection and maintenance so provided shall be at least equal to the inspection and maintenance provided by the City for its own parking meters. Should any meter be in such condition that it cannot be repaired or that its repair will require its removal for more than one (1) day, the City shall install in the place of the defective meter a new meter, which shall be supplied by the Authority for that purpose.

3. The City, through its Department of Public Works, shall, from time to time and as often as may be reasonably necessary, clean the parking lot premises with motorized street sweepers or by other effective methods so that the parking lot may be maintained in a clean and sanitary condition and at least as clean and sanitary as the surrounding streets of the City.

4. The Authority shall pay the City for the foregoing services an annual fee for each parking meter in the parking lot in the amount effective as of October first of any year, agreed upon by the City and the Authority for each successive year for each parking meter in the parking lot. This fee shall be paid to the City Treasurer one (1) year after the date of this Agreement and annually thereafter as long as this Agreement is in effect.

5. This Agreement shall be for a period of one (1) year from the date hereof and shall continue thereafter from year to year, terminable at any time upon the giving of sixty (60) days' written notice by either party. In the event that the Agreement shall be so terminated, the annual fee payable shall be proportionately reduced and shall be paid by the Authority upon the termination of the Agreement.

This Agreement is entered into by the City of Pittsburgh pursuant to Ordinance No. -----

In Witness Whereof, The parties here-to have hereunto affixed their common and corporate seals, duly attested by their proper officers the day and year first above written.

(To be executed in legal form)

Whereas, The United States Housing Act of 1937, as amended, provides that there shall be local determination of need for low-rent housing to meet needs not being adequately met by private enterprise; and,

Whereas, Low-rent housing is needed to assist in meeting the housing goal of the City; and,

Whereas, The application of the Housing Authority of the City of Pittsburgh as required by said United States Housing Act was heretofore approved by the Council of the City of Pittsburgh by Resolution No. 65, approved April 4, 1966; and,

Whereas, It is the desire of the City of Pittsburgh that a Cooperation Agreement be entered into providing for local cooperation in connection with such low-rent housing projects and for payment in lieu of taxes to be made by said Authority to said City; Now, Therefore,

The Council of the City of Pittsburgh hereby enacts as follows:

Section 1. That the Mayor and the Director of the Department of Public Works, on behalf of the City of Pittsburgh, are hereby authorized and directed to enter into a Cooperation Agreement with the Housing Authority of the City of Pittsburgh with respect to approximately twelve hundred (1200) units of low-rent housing in substantially the following form:

COOPERATION AGREEMENT

This Agreement entered into this----- day of -----, 196-----, by and between Housing Authority of the City of Pittsburgh (herein called the "Local Authority") and City of Pittsburgh (herein called the "Local Government").

WITNESSETH:

In consideration of the mutual covenants hereinafter set forth, the parties hereto do agree as follows:

1. Whenever used in this Agreement:

(a) The term "Project" shall mean any low-rent housing hereafter developed as an entity by the Local Authority with financial assistance of the United States of America, by and through the Housing Assistance Administration, Department of Housing & Urban Development (herein called "HAA"); excluding, however, any low-rent housing project covered by any contract for loans and annual contributions entered into between the Local Authority and HAA or its predecessor agencies, prior to the date of this Agreement.

(b) The term "Taxing Body" shall mean the State or any political subdivision or taxing unit thereof in which a Project is situated and which would have authority to assess or levy real or personal property taxes or to certify such taxes to a taxing body or public officer to be levied for its use and benefit with respect to a Project if it were not exempt from taxation.

(c) The term "Shelter Rent" shall mean the total of all charges to all tenants of a Project for dwelling rents and non-dwelling rents (excluding all other income of such Project), less the cost to the Local Authority of all dwelling and non-dwelling utilities.

(d) The term "Slum" shall mean any area where dwellings predominate which, by reason of dilapidation, overcrowding, faulty arrangement or design, lack of ventilation, light or sanitation facilities, or any combination of these factors, are detrimental to safety, health or morals.

2. The Local Authority shall endeavor (a) to secure a contract or contracts with HAA for loans and annual contributions covering one or more Projects comprising approximately 1200 units of low-rent housing and (b) to develop and administer such Project or Projects, each of which shall be located within the corporate limits of the Local Government. The obligations of the parties hereto shall apply to each such Project.

3. (a) Under the constitution and statutes of the Commonwealth of Pennsylvania, all Projects are exempt from all real and personal property taxes and special assessments levied or imposed by any Taxing Body. With respect to any Project so long as either (1) such Project is owned by a public body or gov-

ernmental agency and is used for low-rent housing purposes, or (ii) any contract between the Local Authority and HAA for loans or annual contributions, or both, in connection with such Project remains in force and effect, or (iii) any bonds issued in connection with such Project, or any monies due to HAA in connection with such Project remain unpaid, whichever period is the longest, the Local Government agrees that it will not levy or impose any real or personal property taxes or special assessments upon such Project or upon the Local Authority with respect thereto. During such period, the Local Authority shall make annual payments (herein called "Payments in Lieu of Taxes") in lieu of taxes and special assessments and in payment for the public services and facilities furnished from time to time without other cost or charge for or with respect to such Project.

(b) Each such annual Payment in Lieu of Taxes shall be made after the end of the fiscal year established for such Project, and shall be in an amount equal to either (i) ten per cent (10%) of the Shelter Rent charged by the Local Authority in respect to such Project during such fiscal year or (ii) the amount permitted to be paid by applicable state law in effect on the date such payment is made, whichever amount is the lower.

(c) The Local Government shall distribute the Payments in Lieu of Taxes among the Taxing Bodies in the proportion which the real property taxes which would have been paid to each Taxing Body for such year if the Project were not exempt from taxation bears to the total real property taxes which would have been paid to all of the Taxing Bodies for such year if the Project were not exempt from taxation; Provided, however, That no payment for any year shall be made to any Taxing Body in excess of the amount of the real property taxes which would have been paid to such Taxing Body for such year if the Project were not exempt from taxation.

(d) Upon failure of the Local Authority to make any Payment in Lieu of Taxes, no lien against any Project or assets of the Local Authority shall attach, nor shall any interest or penalties accrue or attach on account thereof.

4. The Local Government agrees that, subsequent to the date of initiation (as defined in the United States Housing Act of 1937, as amended) of each Project and within five years after the completion thereof, or such further period as may be approved by HAA, there will be elimination (as approved by HAA) by demolition, condemnation, effective closing, or compulsory repair or improvement, of unsafe or unsanitary dwelling units situated in the locality or metropolitan area of the Local Government substantially equal in number to the number of newly constructed dwelling units provided by such Project; Provided, that, where more than one family is living in an unsafe or unsanitary dwelling unit, the elimination of such unit shall count as the elimination of units equal to the number of families accommodated therein; and Provided, further, that this paragraph 4 shall not apply in the case of (i) any Project developed on the site of a Slum cleared subsequent to July 15, 1949, and that the dwelling units eliminated by the clearance of the site of such Project shall not be counted as elimination for any other Project or any other low-rent housing Project, or (ii) any Project located in a rural non-farm area.

5. During the period commencing with the date of the acquisition of any part of the site or sites of any Project and continuing so long as either (i) such Project is owned by a public body or governmental agency and is used for low-rent housing purposes, or (ii) any contract between the Local Authority and HAA for loans or annual contributions, or both, in connection with such Project remains in force and effect, or (iii) any bonds issued in connection with such Project or any monies due to the PHA in connection with such Project remain unpaid, whichever period is the longest, the Local Government without cost or charge to the Local Authority or the tenants of such Project (other than the Payments in Lieu of Taxes) shall:

(a) Furnish or cause to be furnished to the Local Authority and the tenants of such Project public services and facilities of the same character and to the same extent as are furnished from time to time without cost or charge to other dwellings and inhabitants in the Local Government.

(b) Vacate such streets, roads and alleys within the area of such Project as may be necessary in the development thereof, and convey without charge to the Local Authority such interest as the Local Government may have in such vacated areas; and, insofar as it is lawfully able to do so without cost or expense to the Local Authority or to the Local Government cause to be removed from such vacated areas, insofar as it may be necessary, all public or private utility lines and equipment;

(c) Insofar as the Local Government may lawfully do so, (i) grant such deviations from the building code of the Local Government as are reasonable and necessary to promote economy and efficiency in the development and administration of such Project, and at the same time safeguard health and safety, and (ii) make such changes in any zoning of the site and surrounding territory of such Project as are reasonable and necessary for the development and protection of such Project and the surrounding territory;

(d) Accept grants of easement necessary for the development of such Project; and

(e) Cooperate with the Local Authority by such other lawful action or ways as the Local Government and the Local Authority may find necessary in connection with the development and administration of such Project.

6. In respect to any Project the Local Government further agrees that within a reasonable time after receipt of a written request therefor from the Local Authority:

(a) It will accept the dedication of all interior streets, roads, alleys, and adjacent sidewalks within the area of such Project, together with all storm and sanitary sewer mains in such dedicated areas, after the Local Authority, at its own expense, has completed the grading, improvement, paving, and installation thereof in accordance with specifications acceptable to the Local Government;

(b) It will accept necessary dedications of land for, and will grade, improve, pave, and provide sidewalks for, all streets bounding such Project or necessary to provide adequate access

thereto (in consideration whereof the Local Authority shall pay to the Local Government such amount as would be assessed against the Project site for such work if such site were privately owned); and

(c) It will provide, or cause to be provided, water mains, and storm and sanitary sewer mains, leading to such Project and serving the bounding streets thereof (in consideration whereof the Local Authority shall pay to the Local Government such amount as would be assessed against the Project site for such work if such site were privately owned).

7. If by reason of the Local Government's failure or refusal to furnish or cause to be furnished any public services or facilities which it has agreed hereunder to furnish or cause to be furnished to the Local Authority or to the tenants of any Project, the Local Authority incurs any expense to obtain such services or facilities, then the Local Authority may deduct the amount of such expense from any Payments in Lieu of Taxes due or to become due to the Local Government in respect to any Project or any other low-rent housing Projects owned or operated by the Local Authority.

8. No Cooperation Agreement heretofore entered into between the Local Government and the Local Authority shall be construed to apply to any Project covered by this Agreement.

9. So long as any contract between the Local Authority and HAA for loans (including preliminary loans) or annual contributions, or both, in connection with any Project shall remain in force and effect, or so long as any bonds issued in connection with any Project or any monies due to the PHA in connection with Project remain unpaid, this Agreement shall not be abrogated, changed or modified without the consent of HAA. The privileges and obligations of the local Government hereunder shall remain in full force and effect with respect to each Project so long as the beneficial title to such Project is held by the Local Authority or any other public body or governmental agency, including HAA, authorized by law to engage in the development or administration of low-rent

Housing Projects. If at any time the beneficial title to, or possession of, any Project is held by such other public body or governmental agency, including HAA, the provisions hereof shall inure to the benefit of and may be enforced by, such other public body or governmental agency including the PHA.

In Witness Whereof, The Local Government and the Local Authority have respectively signed this agreement and caused their seals to be affixed and attested as of the day and year first above written.

This Agreement is authorized on the part of the City of Pittsburgh by Ordinance No. _____, approved _____, 196_____.

(c) The Executive Director and staff shall make a prompt and full investigation of each complaint of an unlawful practice and report to the Commission.

(d) If the Commission shall determine that there is no basis for the allegations in a complaint, the complaint shall be dismissed and the complainant notified in writing. Within ten (10) days from the receipt of such notice, the complainant, or his attorney, may file with the Commission a request for review and the Commission shall provide the complainant and his attorney an oppor-

tunity to appear before the Commission, a member thereof, or a staff representative of the Commission. After such a review the Commission may reverse its decision, or if the Commission or its representative determines that there is no basis for the allegation, the dismissal of the complaint shall be affirmed and there shall be no further review of such decision.

(e) If the Commission determines after investigation that probable cause exists for the allegations made in the complaint, it may attempt to eliminate the unlawful practice by means of private conferences or meetings with all parties. The Commission shall not make public the details of such informal proceedings, but it may publish the terms of any agreement when a complaint has been satisfactorily adjusted.

(f) If the Commission determines that a housing accommodation or housing accommodations involved in a complaint of an unlawful housing practice under Section 9 of this ordinance may be sold, rented or otherwise disposed of, before a determination of the case has been made, and the Commission believes that there is probable cause for the complaint, the Commission may request the City Solicitor to seek an injunction restraining the sale, rental, or other disposition of the housing accommodation or housing accommodations in accordance with the provisions of Section 9.1 of the Pennsylvania Human Relations Act of October 27, 1955, P. L. 744, added by Act No. 533, approved January 24, 1966, as hereafter amended, supplemented or modified by the General Assembly of Pennsylvania.

(g) In any case of failure to eliminate the unlawful practice charged in the complaint by means of informal proceedings, or in advance thereof, if in the judgment of the Commission the facts so warrant, the Commission may hold a public hearing to determine whether or not an unlawful practice has been committed or, without holding such a hearing, certify the case to the City Solicitor in accordance with Section 14 of this ordinance.

(h) Where a public hearing is ordered, the Commission shall designate one or more members to conduct such a hearing. The Commission shall serve upon

the person charged with having engaged or engaging in the unlawful practice, hereinafter referred to as respondent, a statement of the charges made in the complaint or amended complaint and a notice of the time and place of the hearing. The respondent shall have the right to file an answer to the statement of charges, to appear at the hearing in person or to be represented by an attorney, or, subject to the approval of the hearing panel, by any other person, and to examine and cross-examine witnesses. The complainant shall also have the right to be represented by an attorney, or subject to the approval of the hearing panel, by any other person. The Commission shall not be bound by the strict rules of evidence prevailing in courts of law or equity. The testimony, taken at the hearing, shall be under oath and may be transcribed.

(1) If upon all the evidence presented the Commission finds that the respondent has not engaged in any unlawful practice, it shall state its findings of fact in writing and dismiss the complaint. If upon all evidence presented the Commission finds that the respondent has engaged or is engaging in an unlawful practice, it shall state its findings of fact in writing and shall issue such order in writing as the facts warrant to effectuate the purposes of this ordinance. Such order may require the respondent to cease and desist from such unlawful practice and to take such affirmative action, including, but not limited to, the hiring, reinstatement or upgrading of employees, with or without back pay, admission or restoration to membership in any respondent labor organization, the selling, renting or leasing a housing accommodation or housing accommodations upon equal terms and conditions and with such equal facilities, services and privileges, the tendering of money, whether or not secured by mortgage or otherwise for the acquisition, construction, rehabilitation, repair or maintenance of any housing accommodation, the granting, permitting, selling or admission to any of the accommodations, advantages, facilities, services or privileges, products or goods of any respondent place of public accommodation, resort,

recreation or amusement, upon such equal terms and conditions to any person discriminated against or to all persons as, in the judgment of the Commission, will effectuate the purposes of this ordinance and are warranted by the facts presented at the hearing, including a requirement for a report or reports of the manner of compliance. Copies of the order shall be served on all parties.

Section 14. ENFORCEMENT

In the event the respondent refuses or fails to comply with any order of the Commission or violates any of the provisions of this ordinance, the Commission shall certify the case and the entire record of its proceedings to the City Solicitor, who shall invoke the aid of an appropriate court to secure enforcement or compliance with the order or to impose the penalties set forth in Section 15, or both.

Section 15. PENALTIES

Any person who shall violate any provision of this ordinance relating to unlawful practices, or any rule or regulation pertaining thereto adopted by the Commission, or any order of the Commission, shall be subject to a fine of not more than Three Hundred Dollars (\$300.00) and in default of payment of the fine and costs shall be subject to imprisonment for a period not exceeding ninety (90) days.

It is hereby declared to be the legislative intent that this ordinance would have been adopted if such illegal, invalid or unconstitutional provision, sentence, clause, section or part had not been included therein, and if the person or circumstances to which the ordinance or any part thereof is inapplicable had been specifically exempted therefrom.

Section 17. SAVING CLAUSE

The provisions of this ordinance, so far as they are the same as those of ordinances repealed by this ordinance, are intended as a continuation of such ordinances and not as new enactments. The provisions of this ordinance shall not affect any act done or any complaint or proceeding pending under authority of the repealed ordinances. AN ORDINANCE—Amending the Zoning Ordinance, No. 192, approved

May 10, 1958, as amended, Zoning District Map Sheet Z-S10-0 by changing from "S" Special District to "M2" Limited Industrial District, property having 117.19 feet of frontage on the southerly side of West Liberty Avenue and more particularly bounded by West Liberty Avenue; the "M2" Limited Industrial District situate south of the intersection of West Liberty Avenue and Pioneer Avenue; Block 34-K, Lot 100 in the Allegheny County Block and Lot System; Block 34-E, Lot 109 in the aforesaid Block and Lot System, 19th Ward.

and

COHEN, SHAPIRO, BERGER, POLISHER AND COHEN, a law firm in the City of Philadelphia, Pennsylvania, hereinafter called "Special Counsel,"

WITNESSETH

Whereas, The City is desirous of obtaining Special Counsel's legal services on behalf of the City in connection with litigation involving anti-trust proceedings regarding concrete pipe and components purchased by or for the City, in the class or other actions commenced or to be commenced in the United States District Court for the Eastern District of Pennsylvania.

(a) On and after the effective date of this ordinance, it shall be unlawful for any producer to continue to conduct, or thereafter to begin to conduct, any form of amusement at any permanent or temporary place of amusement, or any itinerant form of amusement, within the City of Pittsburgh, unless an amusement permit or permits shall have been issued to him, the fees paid therefor as now prescribed by law, and the tax herein imposed paid in accordance with the provisions herein made.

(b) Every producer desiring to continue to conduct, or hereafter to begin to conduct, any amusement within the City of Pittsburgh, shall file an application for a permanent, temporary or itinerant amusement permit or permits, as the case may be, with the Treasurer. Every application for such permit or permits shall be made upon a form prescribed, prepared and furnished by the Treasurer, and shall set forth the name under which the applicant conducts or intends to conduct a permanent or temporary place, or an itinerant form of amusement, the location of the permanent or temporary place of amusement, whether or not the applicant is the holder of a mercantile license in effect when the application is made, and, if so, the number of such license and such other information as the Treasurer may require. If the applicant has or intends to have more than one place of amusement within the City of Pittsburgh, the application shall state the location of each place of amusement, and in the case of an itinerant form of amusement the date and length of time such amusement is to be conducted at each place. In the case of an application for a permit for a temporary place of amusement, the application shall state the name and address of the owner, lessee or custodian of the premises upon which such amusement is to be conducted. If the applicant is an association or a corporation the names and addresses of the principal officers thereof and any other information prescribed by the Treasurer for purposes of identification shall be stated. The application

shall be signed and verified by oath or affirmation by the producer if a natural person, and in the case of an association by a member or partner thereof, and in the case of a corporation by an executive officer thereof, or some person specifically authorized by the corporation to sign the application, to which shall be attached the written evidence of his authority.

Upon approval of the application and payment of such fees as are now required by law, the Treasurer shall grant and issue to each applicant an amusement permit for each place of amusement within the City of Pittsburgh set forth in his application. Amusement permits shall not be assignable, and shall be valid only for the persons in whose names issued, and for the conduct of amusements at the places designated therein, and shall at all times be conspicuously displayed at the places for which issued. The producer of an itinerant form of amusement shall notify the Treasurer promptly of any change in the original contemplated itinerary, either as to date or time of the conduct of the amusement at each place.

(c) The Treasurer may suspend or after hearing revoke an amusement permit whenever he finds that the holder thereof has failed to comply with any of the provisions of this ordinance. Upon suspending or revoking any amusement permit the Treasurer shall request the holder thereof to surrender to him immediately all permits or duplicates thereof issued to him, and the holder shall surrender promptly all such permits to the Treasurer as requested. Whenever the Treasurer suspends an amusement permit, he shall notify the holder immediately and afford him a hearing if desired and if a hearing has not already been afforded. After such hearing the Treasurer shall either rescind his order of suspension or, good cause appearing therefor, shall continue the suspension or revoke the permit.

Section 4. (a) For the calendar year 1968 or any following year a tax is hereby imposed upon the admission fee or privilege to attend or engage in any amusement at the rate of ten per centum (10%) of the established price charged the general public, or a lim-

ited or selected group thereof, by any producer for such privilege, which shall be paid by the person acquiring such privilege.

(b) In the case of persons admitted free to any place of amusement at a time and under circumstances for which an established price is charged to other persons, the tax imposed by this ordinance shall be computed on the established price charged to such other persons for the same or similar accommodations, to be paid by the persons so admitted. In the case of persons admitted at a reduced rate, the tax imposed by this ordinance shall be computed on the reduced rate paid. Provided, however, that children under twelve (12) years of age, disabled veterans and members of the armed services when on active duty and in uniform, who are admitted free of charge to any place of amusement, shall not be required to pay the tax imposed by this ordinance.

(c) In the case of persons having the permanent use of boxes or seats in any place of amusement, or a lease for the use of such boxes or seats in such place of amusement, the tax imposed by this ordinance shall be computed on the price charged for such boxes or seats, or rental charged for the use of such boxes or seats, in such place of amusement, such tax to be paid by the holder or lessee.

Section 5. (a) Producers shall collect the tax imposed by this ordinance and shall be liable to the City of Pittsburgh as agents thereof for the payment of the same into the City treasury as hereinafter provided in this ordinance.

(b) Where permits are obtained for conducting temporary amusements by persons who are not the owners, lessees or custodians of the places where the amusements are to be conducted, or where the temporary amusement is permitted by the owner, lessee or custodian of any place to be conducted without the procurement of a permit or permits required by this ordinance, the tax imposed by this ordinance shall be paid by the owner, lessee or custodian of such place where such temporary amusement is held or conducted, unless paid by the producer conducting the amusement.

Section 6. For the purpose of ascertaining the amount of tax payable by producers to the City of Pittsburgh, it shall be the duty of:

(a) Every producer, except as hereinafter provided, conducting a place of amusement, on or before the last day of each month, to transmit to the Treasurer, on a form prescribed and prepared by him, a report under oath or affirmation, of the amount of tax collected by him during the preceding month.

(b) Every producer conducting a temporary place of amusement, or itinerant form of amusement, shall file a report with the Treasurer, or any duly authorized agent of his, promptly after each performance.

All reports required under this section shall show such information as the Treasurer shall prescribe.

Every producer, at the time of making every report required by this section, shall compute and pay to the Treasurer the taxes collected by him and due to the City of Pittsburgh for the period for which the report is made. Provided, however, that such producer may deduct therefrom two per centum (2%) thereof if payment is made on or before the due date thereof. The amount of all taxes imposed under the provisions of this ordinance shall in the case of places of permanent amusement be due and payable on the day the reports in such cases are required to be made under this section, and all such taxes shall bear interest at the rate of one per centum (1%) per month or fractional part of a month from the date they are due and payable until paid.

If any producer shall neglect or refuse to make any report and payments as herein required, an additional ten per centum (10%) of the amount of the tax shall be added by the Treasurer and collected.

Section 7. All such taxes shall be recoverable by the Treasurer as other debts of like amount are now by law recoverable.

Section 8. All taxes, interest and penalties received, collected or recovered under the provisions of this or-

dinance shall be paid into the treasury of the City of Pittsburgh for the use and benefit of said City.

Section 9. The Treasurer is hereby charged with the administration and enforcement of the provisions of this ordinance, and is hereby empowered to prescribe, adopt, promulgate and enforce rules and regulations relating to any matter pertaining to the administration and enforcement of this ordinance, including provision for the re-examination and correction of returns and payments alleged or found to be incorrect, or as to which an overpayment is claimed or found to have occurred. Any person aggrieved by any decision of the Treasurer shall have the right of appeal as provided by law. All refunds shall be made in conformance with the procedure prescribed in Ordinance No. 162, approved May 9, 1962.

Section 10. The provisions of this ordinance are severable, and if any of its provisions shall be held illegal, invalid or unconstitutional, the decision of the Court shall not affect or impair any of the remaining provisions of this Ordinance. It is hereby declared to be the legislative intent that this ordinance would have been adopted if such illegal, invalid or unconstitutional provisions had not been included herein.

Section 11. Any person, copartnership, association or corporation which shall fail, neglect or refuse to comply with any of the terms or provisions of this ordinance, or of any regulation or requirement pursuant thereto and authorized thereby, shall, upon conviction thereof before any alderman or magistrate, be sentenced to pay a fine of not more than three hundred dollars (\$300.00), and in default of payment of said fine be imprisoned in the Allegheny County Jail or Allegheny County Workhouse for a period not exceeding thirty (30) days.

Section 12. This ordinance shall become effective January 1, 1968, and shall remain in effect thereafter from year to year on a calendar year basis.

Section 13. That any Ordinance or part of Ordinance, conflicting with the provisions of this Ordinance, be and the same is hereby repealed so far as the same affects this Ordinance.

(e) Every person who shall discontinue business during the license year after having paid the mercantile tax for the entire year, upon making proper application to the Treasurer shall be entitled to receive a refund of a pro-rata amount of the tax paid, based upon the period of time he was not in business during the license year.

Section 6. Payment: At the time of filing the return the person making the same shall pay the amount of tax shown as due thereon to the Treasurer.

Section 7. Powers and Duties of the Treasurer:

Any person aggrieved by any decision of the Treasurer shall have the right to appeal to the County Court of Allegheny County as in other cases provided.

(c) The Treasurer is hereby authorized to examine the books, papers and records of any taxpayer or supposed taxpayer in order to verify the accuracy of any return made, or if no return has been made, to ascertain the tax due. Every such taxpayer, or supposed taxpayer, is hereby directed and required to give to the Treasurer the means, facilities and opportunity for such examination and investigations as are hereby authorized.

(d) No deficiency assessment may be made more than five (5) years after the date on which such taxes should have been paid, except where a fraudulent return or no return has been filed.

Section 8. Suit on Collection — Penalty:

Section 9. Fine and Penalties:

Whoever makes any false or untrue statement on his return, or who refuses to permit inspection of the books, records or accounts of any business in his custody or control when the right to make such inspection by the Treasurer is requested, and whoever fails or refuses to file a return required by this ordinance, and whoever fails or refuses to procure a mercantile license when so required under this ordinance, or fails to keep his license conspicuously posted at his place of business as required herein, shall, upon conviction before any Alderman or Magistrate, be sentenced to pay a fine of not more than Three hundred dollars (\$300.00) for each offense, and in default of payment of said fine to be imprisoned in the Allegheny County Jail or Allegheny County Workhouse for a period not exceeding thirty (30) days for each offense.

Section 10. Saving Clause:

(b) If the tax, or any portion thereof, imposed upon any person under the provisions of this ordinance, shall be held by any court of competent jurisdiction to be in violation of the Constitution of the United States or of the Commonwealth of Pennsylvania, the decision of the court shall not affect or impair the right to impose the tax or the validity of the tax so imposed upon other persons as herein provided.

Section 11. Payment Under Protest — Refunds: The City Treasurer is hereby authorized to accept payment under protest of the amount of mercantile tax

claimed by the City in any case where the taxpayer disputes the validity or amount of the City's claim for tax. If it is thereafter judicially determined by a court of competent jurisdiction that the City has been overpaid, the amount of the overpayment shall be refunded to the taxpayer. All refunds shall be made in conformance with the procedure prescribed in Ordinance No. 162, approved May 9, 1962.

Section 12. This ordinance shall become effective January 1, 1968, and shall remain in effect thereafter, from year to year, on a calendar year basis.

The Council of the City of Pittsburgh, under the authority of the local tax Enabling Act, No. 511 of 1965, and any amendments thereto, hereby enacts as follows:

(3) "Employer" shall mean any person, partnership, limited partnership, unincorporated association, institution, trust, corporation, governmental agency, or any other body engaged in business or situated in the City, employing one or more employees engaged in any occupation, other than domestic servants;

Each natural person who exercises such privilege for any length of time shall pay tax in the amount of ten dollars (\$10.00) in accordance with the provisions of this ordinance; provided, however, that the tax hereby levied shall not be imposed upon any natural person whose total income during the taxable year is not in excess of \$1,000.00.

Section 4. Collection Through Employers:

(a) Every employer not registered under the provisions of the Earned Income Tax Ordinance of the City shall, within fifteen (15) days after the effective date of this ordinance or within fifteen (15) days after first becoming an employer, register with the Treasurer the employer's name, address and such other information as the Treasurer may require.

(b) As to each taxpayer employed for any length of time on or before

March 31 of the current tax year, each employer shall deduct the tax from compensation payable to the taxpayer, file a return on a form prescribed by the Treasurer and pay the Treasurer the full amount of all such taxes on or before April 30 of the current tax year. Thereafter, as to each taxpayer for whom no prior deduction has been made, who is employed for any length of time in any of the three-month periods ending June 30, September 30, and December 31 of the current tax year, each employer shall deduct the tax from compensation payable to the taxpayer, file a return on a form prescribed by the Treasurer, and pay to the Treasurer the full amount of all taxes deducted for each such three-month period on or before July 31 and October 31 of the current tax year, and January 31 of the following year, respectively. Employers shall not be required to deduct the tax from any employee hired after October 31 of the current tax year if his earnings during the tax year do not exceed \$1,000.00.

Any employer who fails to deduct the tax as required by this section, or who fails to pay such tax to the Treasurer, shall be liable for such tax in full, without deduction of the fee hereinafter provided, as though the tax had originally been levied against such employer.

(e) As to employees who present official receipts evidencing prior payment of the tax either directly or by collection through other employers, the employer shall not deduct the tax but shall maintain adequate records concerning such employees.

(f) Each employer may deduct and retain a fee equal to two per centum (2%) of the total amount of tax collected through the employer pursuant to this section.

Section 5. Direct Payment by Taxpayers:

Every tax payer who is self-employed, or whose tax for any other reason is not collected under Section 4 of this ordinance, shall file a return on a form prescribed by the Treasurer and shall pay the tax directly to the Treasurer. Each such taxpayer who first becomes subject to the tax on or before March 31 of the current tax year, shall file the return and pay the tax on or before April 30 of the current tax year, and each such taxpayer who first becomes subject to the tax after March 31 of the current tax year, shall file the return and pay the tax on or before July 31 and October 31 of the current tax year and January 31 of the following year, whichever of such payment dates first occurs at least thirty (30) days after the taxpayer first becomes subject to the tax.

Section 6. Nonresident Taxpayers: Both resident and non-resident taxpayers shall, by virtue of engaging in an occupation within the City, be subject to the tax and the provisions of this ordinance.

Section 7. Administration and Enforcement: The Treasurer, on behalf of the City, shall collect and receive the taxes, interest, fines and penalties imposed by this ordinance, and shall maintain records showing the amounts received and the dates such amounts were received. The Treasurer shall prescribe and issue all forms necessary for the administration of the tax and may adopt and enforce regulations relating to any matter pertaining to the administration of this ordinance, including, but not limited to, requirements for collection through employers, requirements for deductions, requirements for evidence and records, and provisions for the examination and correction of returns. The Treasurer and agents designated by him may examine the records of any employer or supposed employer or of any taxpayer or supposed taxpayer in order to ascertain the tax due or verify the accuracy of any return. Every employer or supposed employer and every taxpayer or supposed taxpayer shall give the Treasurer and any agent designated by him all means, facilities and opportunity for the examinations hereby authorized.

Section 8. Collection: The Treasurer shall collect, by suit or otherwise, all taxes, interest, costs, fines and penalties due under this ordinance and unpaid. If for any reason, any tax is not paid when due, interest at the rate of six per centum (6%) per year on the amount of unpaid tax and an additional penalty of one-half of one per centum ($\frac{1}{2}$ of 1%) of the amount of unpaid tax, for each month or fraction of month during which the tax remains unpaid, shall be added and collected. Whenever suit is brought for the recovery of unpaid tax, the taxpayer shall, in addition, be liable for the costs of collection as well as for interest and penalties. The Treasurer may accept payment under protest of the tax claimed by the City in any case where any person disputes the City's claim for the tax. If a court of competent jurisdiction thereafter decides that there has been overpayment to the Treasurer, the Treasurer shall refund the amount of the overpayment to the person who paid under protest. All refunds shall be made in conformity with the procedure prescribed in Ordinance No. 162, approved May 9, 1962.

Section 9. Violations: Any person who violates any provision of this ordinance or any regulation adopted pursuant to it, shall, upon conviction thereof before any alderman or magistrate, be subject to a fine of not more than three hundred dollars (\$300.00) or, in default of payment of such fine, shall be subject to imprisonment in the Allegheny County Jail or Allegheny County Workhouse for a period not exceeding thirty (30) days.

Section 10. Applicability and Severability: The tax shall not apply to any subject or tax or person not within the taxing power of the City under the Constitution of the United States and the laws and Constitution of the Commonwealth of Pennsylvania. If a final decision of a court of competent jurisdiction holds any provision of this ordinance, or the application of any provision to any circumstances, to be illegal or unconstitutional, the other provisions of this ordinance, or the application of such provision to other circumstances, shall remain in full force and effect. The intention of Council is that the provisions of this ordinance shall be severable and that this ordi-

nance would have been adopted if any such illegal or unconstitutional provisions had not been included.

Section 11. Effective Date: This ordinance shall become effective January 1, 1968, and shall remain in effect thereafter, from year to year, on a calendar year basis.

The requirements may also be satisfied by funds which are made available to the City to use for the acquisition and development of public open space abutting or adjacent to the concerned zoning lot, for the enjoyment and use of the general public. If the usable open space is reserved by a legally binding agreement, said agreement shall include provisions for adequate future maintenance.

Whereas, The Board of Public Education of the School District of Pittsburgh, as provided by law, has certified five areas in the City of Pittsburgh as sites for new Great High Schools, subject to possible changes and refinements in detail after further study; and

Whereas, The Board of Public Education of the School District of Pittsburgh has initiated a Great High School Program, designed to establish new nationally-recognized standards of excellence in curriculum, teaching methods, physical plant and administrative operations, which program is essential for the future progress and development of the City of Pittsburgh; and

Whereas, The Great High School Program will better prepare the young people of Pittsburgh for post-high school academic training and also enable them better to compete for new job opportunities immediately following high school graduation; and

Whereas, These facilities will in addition furnish vocational and technical education in skills needed to train and retrain the existing labor supply and to develop a greater work force capable of meeting the changing demands of the economy of the City of Pittsburgh and the Pittsburgh region; and

Whereas, It is the intent of the Board of Public Education to establish the Great High School facilities as full-time centers of broad community interest and activity on an all-day and year-round basis, including continuing adult education programs and cultural and leisure time programs; and

Whereas, The location of the Great High Schools, and the public considerations involved in these proposed large complexes, were determined after a long period of study by the Board of Education and its consultants, working in close cooperation with the City Planning Commission, the Urban Redevelopment Authority of Pittsburgh and other appropriate City agencies, and the further development of the physical aspects of the Great High School Program will

continue to require the advice and participation of the various City agencies; and

Whereas, The areas selected by the Board of Public Education for the location of the Great High Schools will make maximum use of open land and of property held by the public, will result in minimum relocation and dislocation of homeowners and business establishments, will tie in with local highway and rapid transit planning, and will be in harmony with the City's long range planning program; and

Whereas, The Board of Education proposes to hold meetings in various parts of the City in order to share with the public the proposals for the full development of the Great High School Program;

Now Therefore be it

Resolved, That the Mayor and City Council, as part of the continuing policy of cooperation with the School District of Pittsburgh, pledge the support of the City and its services to assist the Board in advancing the Great High School Program as rapidly as possible, and pledge more specifically to undertake the following insofar as it is legally permissible to do so:

(4) To assist in securing easements and other interests in property for the necessary utilities to serve the proposed facilities; and

Whereas, It has pleased Almighty God, in His infinite wisdom, to have removed from our midst, by death, Thomas J. Gallagher, former member of the Pennsylvania Legislature, our colleague in Council, and interim Mayor of the City of Pittsburgh; and

Whereas, His death has brought sorrow to the hearts of his relatives, friends and acquaintances, and has cast gloom upon the entire community, yet we bow in humble submission to the divine wisdom of God; and

Whereas, Mr. Gallagher, born on the South Side on November 20, 1883, at the early age of 12 entered the employ of the Oliver Iron and Steel Corporation and a year later started work with the United States Glass Company, and re-

maintained there for 30 years. During that time he became active in the Labor Movement and helped organize the local branch of the Glass Workers Union. A militant fighter for improved working conditions, he became prominent in labor circles.

In 1924 he ventured into politics and in 1932 was elected to the State Legislature on both the Republican and Democratic Tickets. As a member of the State Legislature he made an eviable record for himself because of his staunch support in behalf of real progressive and remedial legislation in the interest of all the people of Pennsylvania.

In 1932 he was elected a member of City Council and in 1952 was elected its President and served in that capacity until 1962. In the interim he served as Mayor for eleven months during the year 1959, when the then Mayor, David L. Lawrence, was sworn in as Governor of the Commonwealth of Pennsylvania. He served in Council longer than anyone in the history of Pittsburgh.

Although he rose from humble beginnings to high public office and service to his fellow man, he never lost his unassuming manner.

He was a noble and dedicated public servant, and his years in public life are a shining example for good, honest, clean government.

Mr. Gallagher was a faithful husband, a devoted and loving father, a great American and a gentleman in every respect.

He was a member of various charitable, civic and fraternal organizations.

And Whereas, the Mayor and the member of City Council who were associated with him in public work, knowing his ability, appreciating his untiring energy and self-sacrificing devotion to all public matters, and recognizing his purity of thought, admiring his lovable disposition and noble traits of character, desire to formally record upon the official minutes of the Council of the City of Pittsburgh a tribute to his memory;

Therefore, be it

Resolved, That the Mayor and the members of the Council of the City of Pittsburgh do hereby express their grief and sorrow over the death of Thomas J. Gallagher; and be it further

Resolved, That the Mayor and the members of the Council of the City of Pittsburgh extend their sincere sympathy to the bereaved family; that this resolution be spread upon the minutes of Council, and that a copy be forwarded to his family.

Pittsburgh last week lost one of its most talented men in the death of Peter Muller-Munk, who founded the industrial design firm which bears his name. His renown in his profession was international. He and his office not only designed products for such major national companies as United States Steel Corporation, Westinghouse Electric Corporation, American Radiator and Standard Sanitary Company and Texaco, Inc., but also served as consultants in product development for the governments of Turkey and Israel. At the time of his funeral last Wednesday work began on the new United States Steel building, in which his firm is employed in designing the interior offices.

His personal distinctions were numerous. He was educated in Berlin, where his father was a professor in the University. When he came to America in 1926, he began work as a designer of silver for Tiffany & Co. In 1935 he accepted a post at Carnegie Institute of Technology where he helped organize the first course in industrial design in any American institution of higher learning. He taught there until 1945 when he began to devote his full time activities to his firm, which has grown steadily.

At the time of his death he was a member of President Johnson's policy committee on the employment of the handicapped, known as Project Earning

Power, as well as a Fellow of the Royal Society of Arts of Great Britain, past president and board chairman of the Industrial Designers Society of America and the International Society of Industrial Design.

City Council and the Mayor extend their condolences to his mother, Gertrud Muller-Munk of New York City, his aunt Marie Munk, of Cambridge, Massachusetts, and his stepsons, Jerry Tallmer and John Tallmer, of New York City.

"The grantee, for himself, his heirs and assigns, hereby covenants and agrees to record within twelve months from the date of delivery of deed a new subdivision plan for the aforesaid properties, which plan will involve the vacating of a portion of existing Chelton Avenue, relocating and extending Chelton Avenue to Rockford Avenue, and to grade the property in a manner satisfactory to the City of Pittsburgh so that Chelton Avenue as relocated on the plan to be recorded will have a continuously descending grade from Woodbourne Avenue to Rockford Avenue."

Second. "The grantee, for himself, his heirs and assigns, hereby covenants and agrees to waive any claim for damages should the City of Pittsburgh by proper action vacate existing Chelton Avenue; and further agrees to save the City of Pittsburgh harmless from any claims due to the vacation of Chelton Avenue."

Third. "The grantee, for himself, his heirs, and assigns, hereby covenants and agrees to provide such protection to the existing city sewer as may be deemed necessary by the City of Pittsburgh and to preserve the City of Pittsburgh its right to enter upon Chelton Avenue for maintenance of the existing sewer."; and

Whereas, Said sale was conditionally approved by the City Planning Commission on November 12, 1957 with the recommendation that the deed contain the aforesaid covenants; and

Whereas, A new plan of subdivision has not been recorded and Chelton Avenue has not been vacated or relocated as provided in said covenants; and

Whereas, A prospective purchaser of the property has prepared a tentative plan of subdivision of the concerned portion of said property wherein Chelton Avenue is continued to McNeilly Road as originally planned prior to the

establishment of said covenant rather than it being relocated and extended to Rockford Avenue; and

Whereas, The Plan of Lots Committee of the City Planning Commission tentatively approved the proposed plan on June 3, 1966; and

Whereas, The City Planning Commission at a meeting held October 27, 1967 recommended that the said property be released from the covenant set forth after "FIRST" in the second preamble hereof, and that Council approve the execution of a Waiver and Release as submitted to the Department of City Planning in this matter, by the proper Officials of the City of Pittsburgh; and

Whereas, The Law Department of the City of Pittsburgh has also approved the form of Waiver and Release as submitted.

Now, Therefore, be it

Resolved, That the Mayor of the City of Pittsburgh shall execute a Waiver and Release of the property described in that certain deed from the City of Pittsburgh to Kravec Construction Company, a partnership composed of Joseph Kravec and John Kravec, said deed being recorded in the Recorder's Office of Allegheny County in Deed Book Volume 3773, page 169, from the covenant set forth above after "FIRST" in the second preamble hereof, in the form approved by the City Planning Commission and the Law Department of the City of Pittsburgh and as transmitted to Council by the Department of City Planning.

No. 170

Whereas, Section 117 of the Housing Act of 1949, as amended, authorizes the Secretary of Housing and Urban Development to make grants to municipalities and counties to assist them in carrying out programs of concentrated code enforcement in deteriorated or de-

teriorating areas in which such enforcement, together with certain public improvements to be provided by the locality, may be expected to arrest the decline of the area; and

Whereas, it has been found and determined by the City of Pittsburgh that there exists within the geographical boundaries of the City a certain deteriorated or deteriorating area in the 10th and 11th Wards of the City, sometimes hereinafter referred to as Garfield, for which a program of concentrated code enforcement, combined with certain public improvements, may be expected to arrest the decline of said area; and

Whereas, the City desires to make application for a Grant Contract for Code Enforcement Program to provide for the extension by the United States of America to the City of certain Federal financial assistance under Section 117 of Title I of the Housing Act of 1949, as amended, with respect to such a code enforcement program in Garfield to be known as the Garfield Code Enforcement Program; and

Whereas, it is recognized that the grant of funds pursuant to Section 117 will impose certain obligations and responsibilities upon the City, among which is the obligation to assure that any persons who may be displaced as a result of the code enforcement and public improvements programs will be relocated into decent, safe, and sanitary housing in accordance with the regulations of the Department of Housing and Urban Development; and

Whereas, Title VI of the Civil Rights Act of 1964, and the regulations of the Department of Housing and Urban Development effectuating that Title, provide that no person shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination in the undertaking and carrying out of any program or activity receiving Federal financial assistance under Title I of the Housing Act of 1949, as amended; and

Whereas, Section 402 of the Housing and Urban Development Act of 1965 requires that, as a condition of eligibility for Federal assistance under Title I of the Housing Act of 1949, the

City shall satisfy the Secretary that it will follow certain prescribed policies in any acquisition of real property by eminent domain in connection with public improvements in the Garfield Code Enforcement Area charged to the Garfield Code Enforcement Program cost for which a Grant Contract for Code Enforcement has been executed by the City; and

Whereas, the City desires to approve and adopt a "Land Acquisition Policy" in accordance with such requirement; and

Whereas, the City understands that, in accordance with the provisions of the Urban Redevelopment Law, Act of May 24, 1945, P.L. 991, as amended, and the Redevelopment Cooperation Law, Act of May 24, 1945, P.L. 982, as amended, the Urban Redevelopment Authority of Pittsburgh is willing to be designated as the coordinator and fiscal agent for the City and the County of Allegheny for the public purposes of effectuating the Garfield Code Enforcement Program in the City of Pittsburgh; and

Whereas, the City desires to appoint the Urban Redevelopment Authority of Pittsburgh as the coordinator and fiscal agent for the purpose of effectuating the Garfield Code Enforcement Program.

Now, Therefore, be it Resolved by the Council of the City of Pittsburgh:

1. That an application be filed with the Department of Housing and Urban Development on behalf of the City for a code enforcement grant under Section 117 of the Housing Act of 1949, as amended, of two-thirds of the cost of undertaking and carrying out a code enforcement program, which cost is now estimated to be \$6,067,200.00, in an area or areas to be designated and described specifically in such application, and that the Mayor is hereby authorized and directed to execute and file such application, to provide such additional information and furnish such documents as may be required by the Department of Housing and Urban Development, to execute any contract or contracts as may be necessary for the grant applied for, to execute and file requisitions for funds, and to act as

the authorized representative of the City in the accomplishment of the code enforcement program.

2. That during the period of the contract for the code enforcement grant the City will maintain a level of expenditures for code enforcement activities, exclusive of expenditures in any federally assisted code enforcement or Title I urban renewal project areas, that is not less than the City's average fiscal years immediately preceding the filing of the application for such activities throughout the City.

3. That the City has a program for and will provide in a timely manner all necessary public improvements for the code enforcement area.

4. That there exists in the City an adequate amount of decent, safe, and sanitary housing which is available to persons displaced as a result of the code enforcement and related public improvements programs, at prices which are within their financial means and which are not generally less desirable in regard to public utilities and public and commercial facilities than the dwellings of the displaced individuals and families, and it is the sense of Council that such displacees, if any, will be relocated in accordance with applicable regulations of the Department of Housing and Urban Development.

5. That the United States of America and the Secretary of Housing and Urban Development be, and they hereby are, assured of full compliance by the City with regulations of the Department of Housing and Urban Development effectuating Title VI of the Civil Rights Act of 1964, in the undertaking and carrying out of the Garfield Code Enforcement Program.

6. That in acquiring any real property in the Garfield Code Enforcement Area by the exercise of eminent domain in connection with public improvements charged to the Garfield Code Enforcement Program cost, for which a Grant Contract for Code Enforcement has been executed by the City, the City will

a. Make every reasonable effort to acquire each property by negotiated purchase before instituting eminent domain proceedings against the property.

- b. Not require any owner to surrender the right to possession of his property until the City pays, or causes to be paid to the owner (i) the agreed purchase price arrived at by negotiation, or (ii) in any case where only the amount of the payment to the owner is in dispute, not less than 75 percent of the appraised fair value as approved by the City.
- c. Not require any person lawfully occupying property to surrender possession without at least 90 days' written notice from the City of the date on which possession will be required.

7. The Urban Redevelopment Authority of Pittsburgh is hereby designated as the coordinator and fiscal agent for the City for the purpose of effectuating the Garfield Code Enforcement Program in the City.

Whereas, The City of Pittsburgh and Allegheny County, in the death of Edward R. Frey at the age of 81, lost one of its most honored and respected citizens and city officials.

Edward R. Frey served as City Controller for 28 years, during which time he served the City of Pittsburgh ably and honorably. City Hall officials who dealt with Mr. Frey often found him to be a tight-fisted taskmaster while doing business with his office.

Therefore, The Mayor and the Members of the Council of the City of Pittsburgh wish to express their deep sorrow upon his passing.
